CITY OF NORTH MIAMI  
NW 7<sup>th</sup> AVENUE  
COMMERCIAL FAÇADE PROGRAM

Improvements to the facades of commercial buildings help local businesses attract new customers and can have a significant impact on the marketability of the surrounding area.

In order to help improve the NW 7<sup>th</sup> Avenue commercial corridor, the City of North Miami is offering financial incentives to property owners of eligible commercial buildings along the corridor for façade rehabilitation.

The program offers a grant of up to 50% of the approved project cost. The maximum City financial contribution is \$80,000 (Eighty thousand dollars) per building.

In order to maximize its impact, the program will give priority to shopping centers, strip malls and large buildings (buildings with more than three storefronts).

The City will make grant payments to the property owner. Payments in the form of reimbursement are issued during the duration of the project, after completion of roughly 25%, 50%, 75%, and at the completion of a qualified project.

Projects must be approved prior to beginning construction to participate in the program.

Interested businesses may apply for the program through the City's Department of Community Planning and Development (CP&D). Potential applicants should contact CP&D to determine if they are eligible.

## ELIGIBILITY REQUIREMENTS

The NW 7<sup>th</sup> Avenue Commercial Façade Program is funded by the City's General Fund and all projects must meet all requirements outlined in the Program Agreement between the City and the Grantee.

- In order to be eligible for the program, the owner of the building must be the applicant of record.
- The property has to be located on the NW 7<sup>th</sup> Avenue Corridor within the City of North Miami boundaries.
- A qualified building is a structure with commercial space on the ground floor with street frontage and direct pedestrian access from the street.
- An eligible "façade" is the front face or elevation of the building, which typically faces the street and contains windows and the principal entrance to the building.
- In order to be eligible for the program, the façade must be in need of assistance to correct physical decline.
- Eligible work under the façade program includes: façade renovation, installation of storefront windows, signage, awnings, and exterior lighting.
- Approved work must result in a publicly visible and permanent improvement. Work to upper portions of the façade of a building is eligible for the grant, provided that such work is part of a larger qualified project involving street level improvements and provided that such work does not involve residential portions of the building.
- In order to be funded under this program, all façade improvements must conform with the City's approved *Downtown Master Development and Major Corridor Plan*.

The following types of businesses and uses are not eligible to participate in the program:

- Residential and industrial buildings
- Properties occupied by religious institutions
- Freestanding auto-related businesses such as gas stations, repair shops, automobile dealerships, quick-service and drive-thru facilities and car washes
- Adult bookstores or similar businesses
- Free standing liquor stores

The following types of work are not eligible in the program:

- Roof replacement
- Work that involves principally routine maintenance (i.e. minor repairs), unless part of a larger qualified project
- New construction or additions
- Billboard, landscaping and paving, unless part of a larger qualified project
- Work on residential portions of a commercial building

#### LEASING REQUIREMENTS

- Upon completion of the project, 50% of the ground-floor “leasable” commercial space must have leasing commitments of at least one year. If leasing requirements are not met at the time of final inspection, the property owner will be given 180 days to submit a one- year lease agreement to the City. If leasing requirements are not met after the extension, the City will recapture the equivalent of 10% of the grant.
- Program participants cannot arbitrarily increase rents on existing tenants after the completion of the project and will be required to honor rental amounts in all existing leases for the duration of the current lease.
- Renewal of leases for existing tenants must comply with industry standard for rental payment increases.
- Program participants may be required to coordinate the leasing of vacant space with the City.

#### CHANGE IN OWNERSHIP

Program participation is not transferable to new property owners. New property owners must reapply to participate in the program.

In addition, the property owner is not allowed to sell the building during five (5) years after the project is completed. If the property is sold during the five-year period, the City will recapture 20% of the grant for each year.

#### TIME LIMITS

Projects must be completed by the timetable outlined in the agreement between the property owner and the City.

#### CONSISTENCY WITH CITY ORDINANCES

Projects must comply with all City of North Miami zoning code and building requirements.

To be eligible to participate in the program, applicants must comply with all program requirements. Failure to comply with the program requirements at any time will result in the applicant being dropped from the program. The City of North Miami is the sole interpreter of eligibility determinations, payment amounts and compliance with program requirements. All of the City's decisions are final. Projects are not officially accepted in the program until an agreement between the applicant and the City is signed.

## **APPLICATION PROCESS**

### **STEP 1 - APPLICATION SUBMITTAL**

Complete the enclosed application and submit it to the City of North Miami Community Planning and Development Department with photos of the building façade.

Program staff will meet with you, typically within two weeks of receiving the complete application, to discuss the project and program requirements.

### **STEP 2 - PROJECT APPROVAL**

Once the project is approved the Grantee will sign an Agreement and a Restrictive Covenant with the City. The agreement will include a "Scope of Work" defining the project total cost and the City grant amount. The Restrictive Covenant will include the obligation period and will be recorded against the property.

### **STEP 3 - PRE-CONSTRUCTION PHASE**

Upon the project approval and execution of the agreement City staff conduct a "pre-construction meeting" to review the program procedures.

### **STEP 4 - APPROVAL TO BEGIN CONSTRUCTION**

Once you have signed the contract with the City and you and your contractor(s) you will be issued a "Notice to Proceed Letter" indicating that construction may begin.

No work should start before the agreement is executed and a "Notice to Proceed" is issued.

## STEP 5 - ISSUANCE OF PAYMENTS

The City will issue up to four payments during the project: upon completion of 25%, 50%, 75% and 100% of the project. Upon completion of each phase of the project, program staff will inspect the project to ensure compliance with the approved plans and budget.

The City will reimburse the property owner for the City's portion of the project cost by issuing a check approximately four weeks after staff inspections and after the following documentation has been submitted for each phase of the project.

- Progress report outlining the work completed and expenditures.
- Copies of cancelled checks (front and back) for the portion of the work completed. All project expenditures must be paid by check.
- Original, notarized partial and final "waivers of lien" from all contractors, subcontractors, and major material suppliers.

Final payment will be issued after all work has been completed, all the above mentioned documentation has been reviewed and accepted by the City, and leasing and other program requirements have been met.
