**Re:** Waiver of Plat Approval – SMS Distribution, Inc. @ 821 N.E. 144<sup>th</sup> Street

---

**A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, APPROVING A WAIVER OF PLAT FOR THE 18, 234-SQUARE FEET PARCEL LOCATED AT 821 N.E. 144<sup>TH</sup> STREET, NORTH MIAMI, FL 33161, WITH MIAMI-DADE FOLIO NUMBER: 06-2219-006-0380, IN ACCORDANCE WITH ARTICLE 3, DIVISION 8, SECTION 3-802 OF THE CITY OF NORTH MIAMI CODE OF ORDINANCES, “LAND DEVELOPMENT REGULATIONS,” AND CHAPTER 28, SECTION 28-7 (B) OF THE MIAMI-DADE COUNTY CODE OF ORDINANCES, IN ORDER TO SUBDIVIDE SAID PARCEL INTO TWO (2) INDIVIDUALLY PLATTED SINGLE-FAMILY LOTS MEASURING 66 FEET X 138 FEET EACH; PROVIDING FOR AN EFFECTIVE DATE AND FOR ALL OTHER PURPOSES.**

**STAFF RECOMMENDATION**

That the Mayor and City Council adopt the proposed resolution approving with conditions the proposed waiver of plat to subdivide the property located at 821 N.E. 144<sup>th</sup> Street into two (2) individually platted single-family lots.

**BACKGROUND INFORMATION**

SMS Distribution, Inc., (the “Applicant”) is the owner on record of the subject 18, 234-sq. ft. tract of land (the “parent tract”) located at 821 N.E. 144<sup>th</sup> Street. The Applicant has filed this waiver of application in order to subdivide the parent tract into two (2) single-family parcels; said parcels to independently satisfy the minimum dimensional requirements, i.e. minimum lot area (6,000 sq. ft.), minimum lot width (60 ft.) and minimum lot depth (100 ft.), as contained in Article 4, Division 2, Section 4-203 of the City’s Land Development Regulations (LDRs) for parcels of land located in the R-2, Single-Family District. The westerly parcel (“Parcel A”), which currently undeveloped, will cover an area of about 8,981 sq. ft. and is proposed to be developed with a new single-family residence. The easterly parcel (“Parcel B”), which is to comprise about of 9,253 sq. ft., is currently developed with a single-family house, which, according to the records of the Miami-Dade County Appraiser’s Office, was built in 1946, and feature three bedrooms and two (2) bathrooms. According to the submitted waiver of plat survey, this house also include an attached carport that straddles the lot line between the two (2) proposed parcels. As such, the Applicant is proposed to not only remodel the existing house, but

more importantly, tear down the encroaching carport so the former can then fully comply with the requirements of Section 4-203 of the LDRs, especially as they relate to setback requirements.

**PLANNING COMMISSION RECOMMENDATION**

The Planning Commission reviewed this item at regularly scheduled January 5<sup>th</sup>, 2016 meeting, which was attended by Chair Kevin Seifried, Vice-Chair Charles Ernst, and Commissioners Peggy Boule, Emmanuel Jeanty and Bob Pechon. After Chair Seifried had read the title of the proposed resolution on the record, staff offered an oral presentation of the recommendation and answered questions of the Commission, especially from Commissioner Ernst, who argued that this waiver of plat would be out of character with and would set a precedent in the neighborhood. Commissioner Pechon also objected to the application, pointing to certain pending building permits and also raising certain concerns regarding the unsafe nature of the existing structure on the property. When he was allowed to speak, the Applicant’s agent, Sassi Haham, reiterated the purpose of the request, gave a history on the real estate transaction on the property and clarified the issues surrounding the pending permits. Following public comments by two (2) residents, a motion was made by Vice-Chair Ernst to recommend denial of the request. Seconded by Commissioner, the motion resulted in a tied vote of 3-3 by roll call.

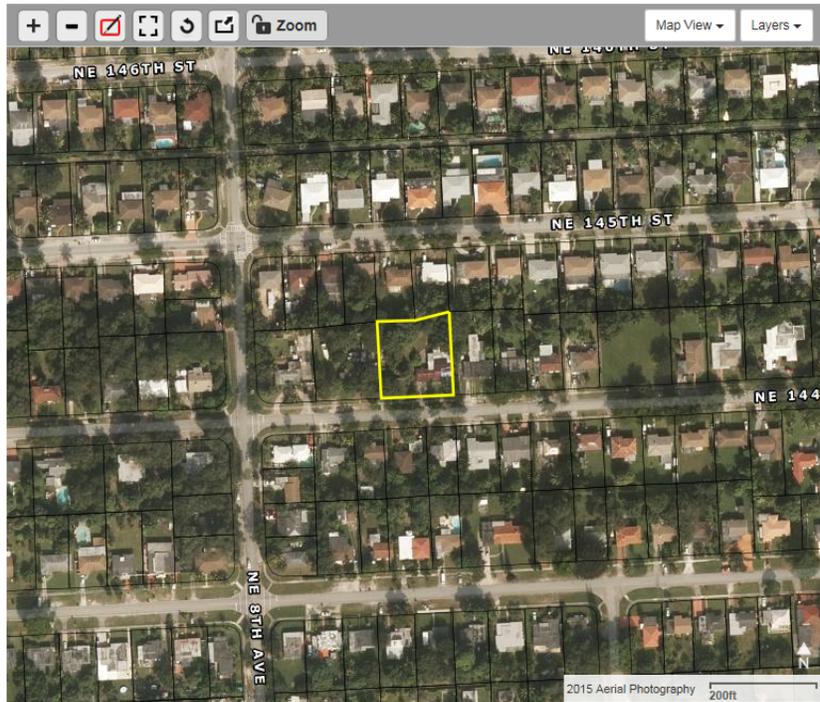

Upon further deliberation on the item, Chair Seifried reminded the Commission that the objections regarding the unsafe nature of the structure on the property did not fall within the province of the Commission and did not, therefore, constitute a valid basis for denial of the Applicant’s request. He added that there was substantial competent evidence to recommend approval of said request and requested a favorable motion from the Commission. Commissioner McDermid followed with a motion to recommend adoption of the resolution and forward same to the Mayor and City Council for final consideration. Seconded by Commissioner Boule, the motion passed 4-2 by roll call vote.

## RECOMMENDATION

As previously stated, the purpose of this waiver of plat request is to divide the subject property into two (2) separate parcels. This request will not require any changes to the Comprehensive Plan in that it does not change the Low-Density Residential Land Use Plan map designation of the parcel, nor does it alter the uses or intensities of development authorized by the Future Land Use Element (FLUE) in that land use designation. Furthermore, each parcel will independently satisfy all of the minimum dimensional requirements, i.e., lot area, lot width and lot depth, as set forth in Article 4, Division 2, Section 4-203 of the City’s LDRs for properties located in the R-2, Single-Family District. No amendment to either the text of the LDRs or the adopted Zoning Map will therefore be required.

*Outside Agencies:* Before submitting the waiver of plat request, the surveyor retained by the applicant sent the proposed waiver of plat survey to utility companies, i.e., Florida Power and Light Company (FPL), AT&T, Comcast, and TECO People’s Gas for their review and comments. Letters of no objection were received from all such utility companies and are attached to this report.

*City Staff Comments:* The Community Planning and Development Department (the “Department”) reviewed the proposed waiver of plat request and found it to be consistent with the goals, policies and objectives of the City’s Comprehensive Plan, and to be in keeping with

the purpose and intent of the LDRs, as they relate to dimensional and concurrency requirements. Subsequently, the waiver of plat was sent to other City Departments to garner input, particularly Public Works Department to anticipate the impacts on Water and Sewer services. The waiver of plat has met with the approval of these other Departments.

*City's Contracting Surveyor Comments:* In addition to City Staff's comments, peer review comments were also solicited from the City's contracting surveying company, Craven Thompson & Associates. These comments, which are enclosed in this staff report, have been shared with and have all been addressed by the Applicant's surveyor.

In light of these findings, staff is of the opinion that the application is both consistent with the goals, objectives and policies of the City's Comprehensive Plan and in keeping with the purpose and intent of the City's LDRs. Consequently, staff requests that the Mayor and City Council adopt the attached resolution approving the requested waiver of plat, and subject to the following conditions:

1. *Peer Review Comments.* The applicant shall address any remaining outstanding comments issued by the City's contracting surveying company, Craven Thompson & Associates before the item can be placed on the City Council agenda for final consideration of the resolution.
2. *Approving Resolution.* After Council approval and upon the filing of a request for County review, a signed copy of the approving resolution shall be delivered to the Platting and Traffic Review Division of the Miami-Dade's Department of Regulatory and Economic Resources or County's Plat Committee, along with copies of the survey;
3. *Waiver of Plat Modification after approval.* Upon approval by the County's Plat Committee and prior to recordation, no changes, erasures, modifications or revisions shall be made to the approved plat unless resubmitted for new approval provided, however, that the City may, after public hearing and based only upon a recommendation of the County's Plat Division, change, modify or revise dedicated road rights-of-way or drainage easements; and
4. *Folio Numbers.* Upon recordation of the approved waiver of plat and City resolution with the County Clerk, new folio numbers shall be requested from the Miami-Dade County Property Appraiser's Office.

The existing property referenced above covers an area of 18,234 square feet (0.14186 acres). It is the intention of East Coast Real Estate Development Group to divide the property into two parcels where the existing residential structure will be completely remodeled on the east side of the property and new construction for another single family residence is proposed for the west side of the property. The new front dimension of the west side of the property is proposed at 65.81' and the east side of the property, where the existing house lies, is proposed at 66.33' in total length, street frontage. The existing house on the east side of the property is proposed to demolish a portion of the existing garage in order for the building to sit properly within the zoned setbacks.
