### WORKSHOP DETAILS

The North Miami CRA and City of North Miami want to thank you for attending the community workshop last month. It was wonderful to see the community engagement and hear your input on our design concepts as we continue to define and design the North Miami Mobility Hub.

**Again for the third time, we would like you to come along and join us in finalizing the solutions to enhance mobility options and support desired development in North Miami.**

This upcoming workshop will be about shaping the future of our city's urban core and helping in laying the foundation of an implementation action plan that prioritizes improvements related to character and type of new development, open space, and mobility linkages connecting the neighborhoods.

**We would like to know how you feel about this huge change, and would love to know your ideas and suggestions on making this plan even better. There will be plenty of questions, conversations and discussions.**
