The City of North Miami is advancing its commitment to performance management and strategic planning. The FY13-14 Budget Book demonstrates its utility as a financial plan, policy document, operations guide, and a communications device that is divided into four sections.

SECTION ONE: INTRODUCTION

The Introduction section provides an overview of the City and the FY13-14 Budget. The City Overview includes the City Manager's Transmittal Letter and Strategic Management Plan. The transmittal letter from the City Manager formally transmits the budget to the City Council and its residents. It summarizes the significant factors affecting the City of North Miami's budget development and provides an overview of revenue and expenditure highlights. The City's strategic plan identifies the City's overall mission and long-range goals. The City overview also includes the Citywide Organization, City Map, and demographic and economic indicators. The Budget Overview highlights the Budget Process, Policies, and bottom line expenditure and revenue summaries.

SECTION TWO: MAJOR REVENUES

The City's Major Revenue Section was developed to provide a comprehensive reference for primary revenue sources collected by the City. The section provides historical view of trends and forecasting methods. Tracking and reporting this information to the public and its decision makers is vital for responsible planning for the future.

SECTION THREE: DEPARTMENT BUDGETS

This section presents the operating budgets for the following departments: Office of Management and Budget, Building and Zoning, City Attorney, City Clerk, City Manager, Code Compliance, Community Planning & Development, Finance, Information Technology, Library, Mayor/Council, Museum of Contemporary Art, Non-Departmental, Parks & Recreation, Personnel, Police, Public Works, Purchasing, Fleet, CRA, Risk Management, and Utilities. Each department section includes Expenditure and Full Time Employee History charts, goals/objectives, core responsibilities and planned expenditures.

SECTION FOUR: APPENDIX

This section includes a glossary of terms and acronyms used throughout the document.

INTRODUCTION

Strategic Plan Overview: A Vision for North Miami's Future

Purpose of Our Strategic Plan

The City of North Miami's strategic plan aims to address community issues and set long and short-term developmental goals and objectives. Successful implementation of the strategic management plan will ensure that North Miami is positioned to anticipate and respond to the needs of its residents while maintaining both its financial stability and unique elements that make North Miami one of the top 10 cities in the United States of America.

Our Mission

The Mission of the City of North Miami is to enhance the quality of life, environment, and safety for citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Our Core Values

Service: Provide quality service for ultimate customer satisfaction.

Professionalism: Implement policies and regulations with wisdom and impartiality.

Respect: Treat every human being with dignity and respect.

Integrity: Set the highest example of honesty in the performance of duties.

Safety: Let prudence remain an operational priority shared by management, supervisors, and employees.

Strategic Plan Overview:

Goal 1 - Maintain North Miami's Status as One of the 10 Best Cities in America.

Goal 4 - Ensure that the City of North Miami achieves and maintains stable fiscal footing.

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 2 - Provide quality parks & recreational facilities in a fiscally prudent manner.

Goal 5 - Enhance economic and employment opportunities in the City of North Miami.

A Vision for North Miami's Future

Goal 3- Provide quality services to the citizens of North Miami

Goal 6 - Ensure that new growth and development is high quality and provides a benefit to North Miami.

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 1 – Maintain North Miami's Status as One of the 10 Best Cities in America.

Objective A: Ensure that the City's unique identity is reinforced through the expansion of the City's comprehensive signage program and continued investment in beautification projects.

Objective B: Ensure that the City continues to fund and implement programs that attract businesses to North Miami.

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 2 - Provide quality parks and recreational facilities in a fiscally prudent manner

Objective A: Identify what, if any, new City-owned public facilities are needed in the City of North Miami and effectively maintain the parks and recreational facilities already present in the

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 3 – Provide quality services to the citizens of North Miami

Objective A: Continue to invest in new equipment and facility renovations for both the North Miami Police Department and the North Miami Parks and Recreation Department.

Objective B: Maintain an adequate level of City staff to ensure high levels of service to North Miami's citizens.

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 4 – Ensure that the City of North Miami achieves and maintains stable fiscal footing.

Objective A: Balance the budget with minimal impact on the City's residents.

Objective B: Develop a responsible budget that responds to the City's needs and its ability to pay for services.

Objective C: Institute annual review of economic indicators

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 5 - Enhance economic and employment opportunities in the City of North Miami.

Objective A:
Encourage relocation of businesses to the City of North Miami.

Objective B:
Encourage high quality design in commercially zoned properties within the City of North Miami.

Objective C: Assess the commercial land uses allowed by the City's land use map and zoning map to ensure they represent an optimal mix for North Miami.

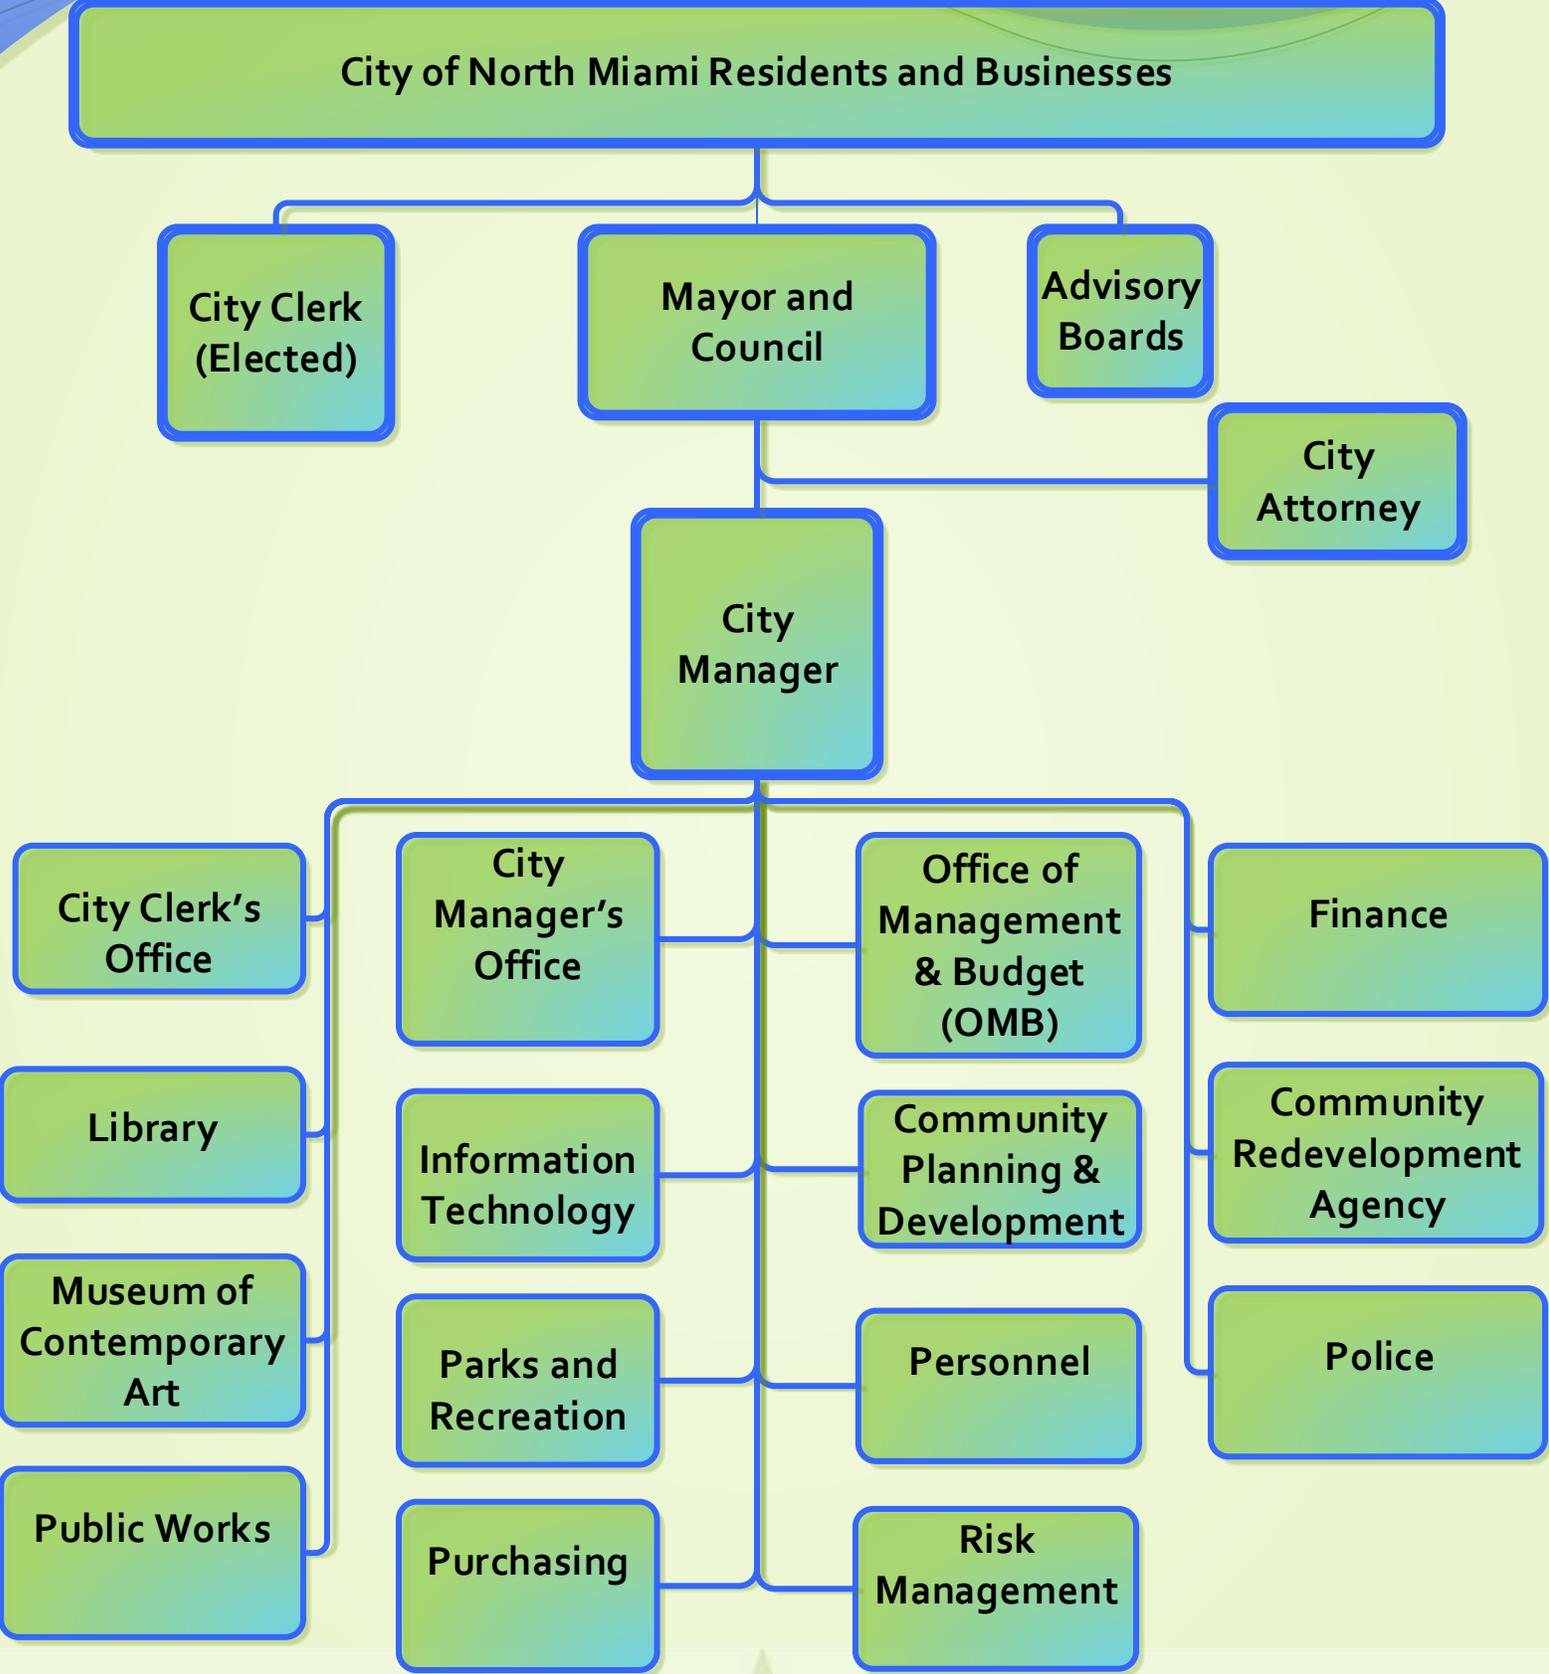

Strategic Plan Overview

The City of North Miami's mission is to enhance the quality of life, environment, and safety for our citizens, businesses, customers, visitors, and employees in an atmosphere of courtesy, integrity, quality and fiscally responsible service.

Goal 6 - Ensure that new growth and development is high quality and provides a benefit to North Miami.

Objective A:
Annexation proposals shall be carefully evaluated for both short- and long-term benefits to North Miami.

City Overview

The City of North Miami is located in Miami-Dade, Florida in the northeast part of the county. The City is approximately 7 miles north of Miami. The Current land area is 10 square miles, making it the fourth largest city in Miami-Dade County. North Miami offers its visitors and residents the advantages of a moderate climate. The temperature averages 85 degrees with an average rainfall of 66.04 inches per year. Outdoor activities are enjoyed throughout the year and we welcome our residents to our amazing indoor facilities.

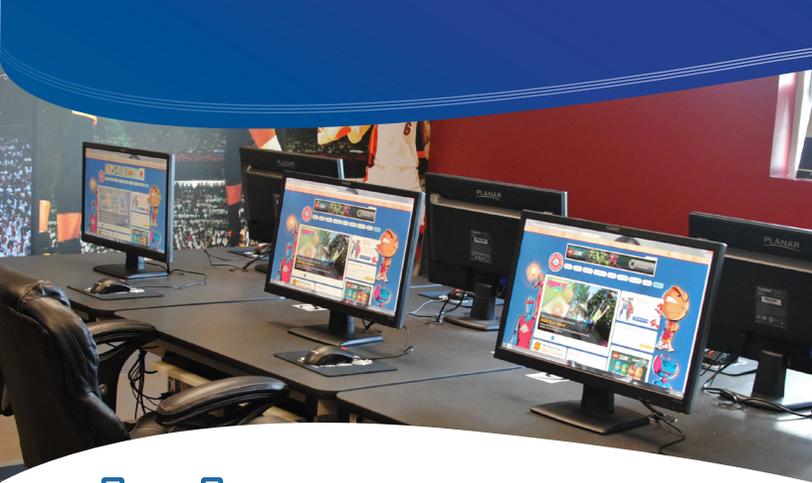

about North Miami

The city of North Miami is a dynamically diverse community which encompasses 9.5 square miles in Northeast Miami-Dade County. Following the 2010 Census, the City now ranks as the sixth largest municipality in Miami-Dade County, (the 41st most populated in the state of Florida), with a population of 58,786. North Miami, previously dubbed the “Most Diverse City” in Miami-Dade County by the League of Cities, is known for its evolving community of immigrants from the Caribbean, most notably of Haitian decent. Despite the current economic downturn, North Miami continues to be home to a strong business community and offers residents a variety of housing options, from affordable, single family homes and apartment condominiums, both rental and owner-occupied, to multi-million dollar estates overlooking beautiful Biscayne Bay.

Our History

The city of North Miami is a unique community that has a rich history dating back to the late 1800's. Early settlers, Charles G. Ihle and David Burckhart, saw unbounded opportunities in an area covered with swamps and mangroves. The original settlement grew into a community, known as Arch Creek, which eventually became incorporated on February 5, 1926 as the Town of Miami Shores. The devastating hurri-

cane of 1926 stifled the town's initial growth. Along with economic hard times, the town's name “Miami Shores” was not ratified by the Florida legislature and other developers were granted use of the name to a neighboring municipality. On July 24, 1931, the Town of Miami Shores became the Town of North Miami, which evolved into the City of North Miami when its charter was established in the 1950's.

Our Government

The City's charter provides for a Mayor, elected city-wide, that serves up to two consecutive two-year terms and four Council members, elected by district to serve up to two consecutive four-year terms. The term limit was amended by referendum in August 2010 and will take effect with the 2013 election.

North Miami is also one of few communities in the state that still have a city clerk that is elected city-wide. Also amended by referendum in 2010, the Clerk will be limited to serve up to two consecutive four-year terms, starting with the 2013 election.

The city manager and city attorney are each appointed by the city council. The city manager is responsible for the city's day-to-day operations, hiring department heads and preparing the annual budget. As reflected in the city's organizational chart, the city of North Miami provides for a variety of services to its residents and business owners.

Residents and business owners also have the chance to become involved in local government operations by serving on boards and commissions that may act in either advisory or quasi-judicial capacities.

Our Community

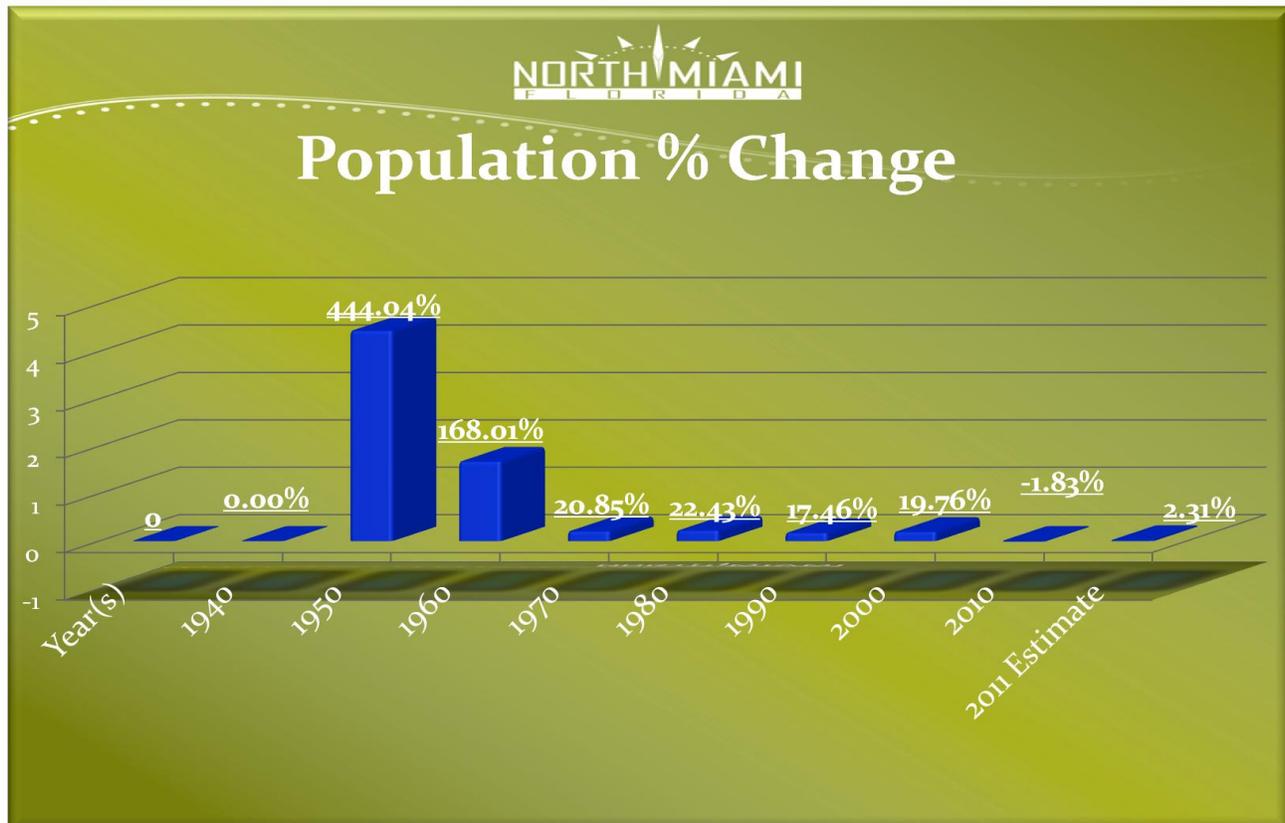

In 2013, North Miami continues to attract residents and businesses to the area because of its ideal location, tucked midway between Miami, Fort Lauderdale and the beaches. There is a true sense of community cultivated through recreational and educational opportunities, which afford North Miami

residents the opportunity to earn a quality education from Pre-K through PhD.

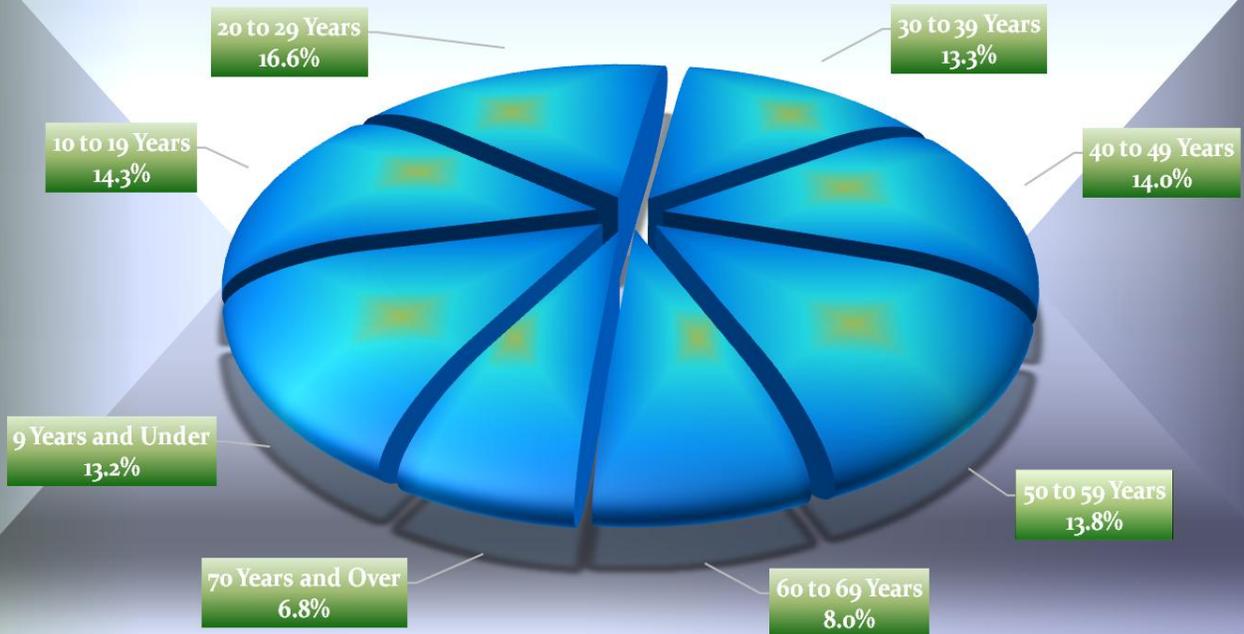

The City's park system offers numerous athletic, recreation and nature programs throughout the year. In 2013, the Miami Heat and the NBA Cares Foundation, dedicated a portion of North Miami's newest community center, the Joe Celestin Center, as an NBA Cares facility, offering the community a space to read and play with interactive technology. The City's Museum of Contemporary Art (MOCA) has brought worldwide attention to North Miami for its cutting edge exhibits and community art education programs.

Affordability and quality are some of the great advantages of living and doing business in North Miami. The City of North Miami continues to work with Oleta Partners, LLC, after entering into a 99-year lease for the 183.8 acre property formerly known as Biscayne Landing in 2012. The development of this property, located in the Northeast quadrant of the City, marks the beginning of a new chapter in North Miami's history. Since earning an All-America City designation in 2010, North Miami continues to strive to serve the community by bringing to life the pillars exemplified by the award: engaging residents in governmental operations, collaborating with all sectors of the community and championing inclusiveness in its programs and events with an innovative approach to make a lasting impact. North Miami is proud to be the only municipality in the state of Florida to receive this honor since 2008. **NM**

City of North Miami Comprehensive Annual Financial Report (CAFR)

North Miami Community Development Department

Budget Overview

FINANCIAL POLICIES

Structure

The financial statements of the City of North Miami have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. Each fund contains a set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds and account groups are reported by generic classification within the financial statements of the Comprehensive Annual Financial Report (CAFR). The City's financial policies establish the framework for financial planning and management. The policies set guidelines in which the budget and financial plan are developed and managed. This demonstrates the City's commitment to sound financial planning, management and fiscal integrity.

Operating Management Policies

- All departments share in the responsibility for meeting management and service delivery goals and ensuring long-term financial stability. Operating budgets and management plans will be developed using current resources available.
- The budget process is intended to allocate limited resources among competing programs based on policy priorities, efficiency and effectiveness of services and availability of resources.
- Additional personnel and programs will be requested only if necessary to maintain existing service levels due to expansion of service areas or service levels previously approved by the City Council.
- As required by City Charter the budget will be balanced. Current expenditures will be funded by using current revenue sources and revenue growth will be planned in a conservative, prudent manner. Use of fund balance in any fund to balance the current year budget must be approved by the City Council.
- User fees and charges for services will be reviewed annually to ensure that they cover the cost of the program at the rate determined to be responsible, competitive with other local communities and non-burdensome to program participants. Fees will be adjusted as needed based on this analysis.
- Cash management and investment will be maintained in accordance with the City Charter and State law and will ensure the safety and security of city assets. Funds will be managed prudently and diligently with an emphasis on safety of principal, liquidity and financial return.

Financial Reporting Policies

- The City's accounting and financial reporting systems will be maintained in conformance with Generally Accepted Accounting Principles (GAAP), the Government Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).
- An annual audit will be performed by an independent public accounting firm and a CAFR will be published.
- The City's financial report and budget will be submitted to the GFOA for the Certificate of Achievement for Excellence in Financial Reporting and the Distinguished Budget Presentation Award.
- Financial systems will be maintained to monitor revenues, expenditures and program performance on an on-going basis.

Budget Overview

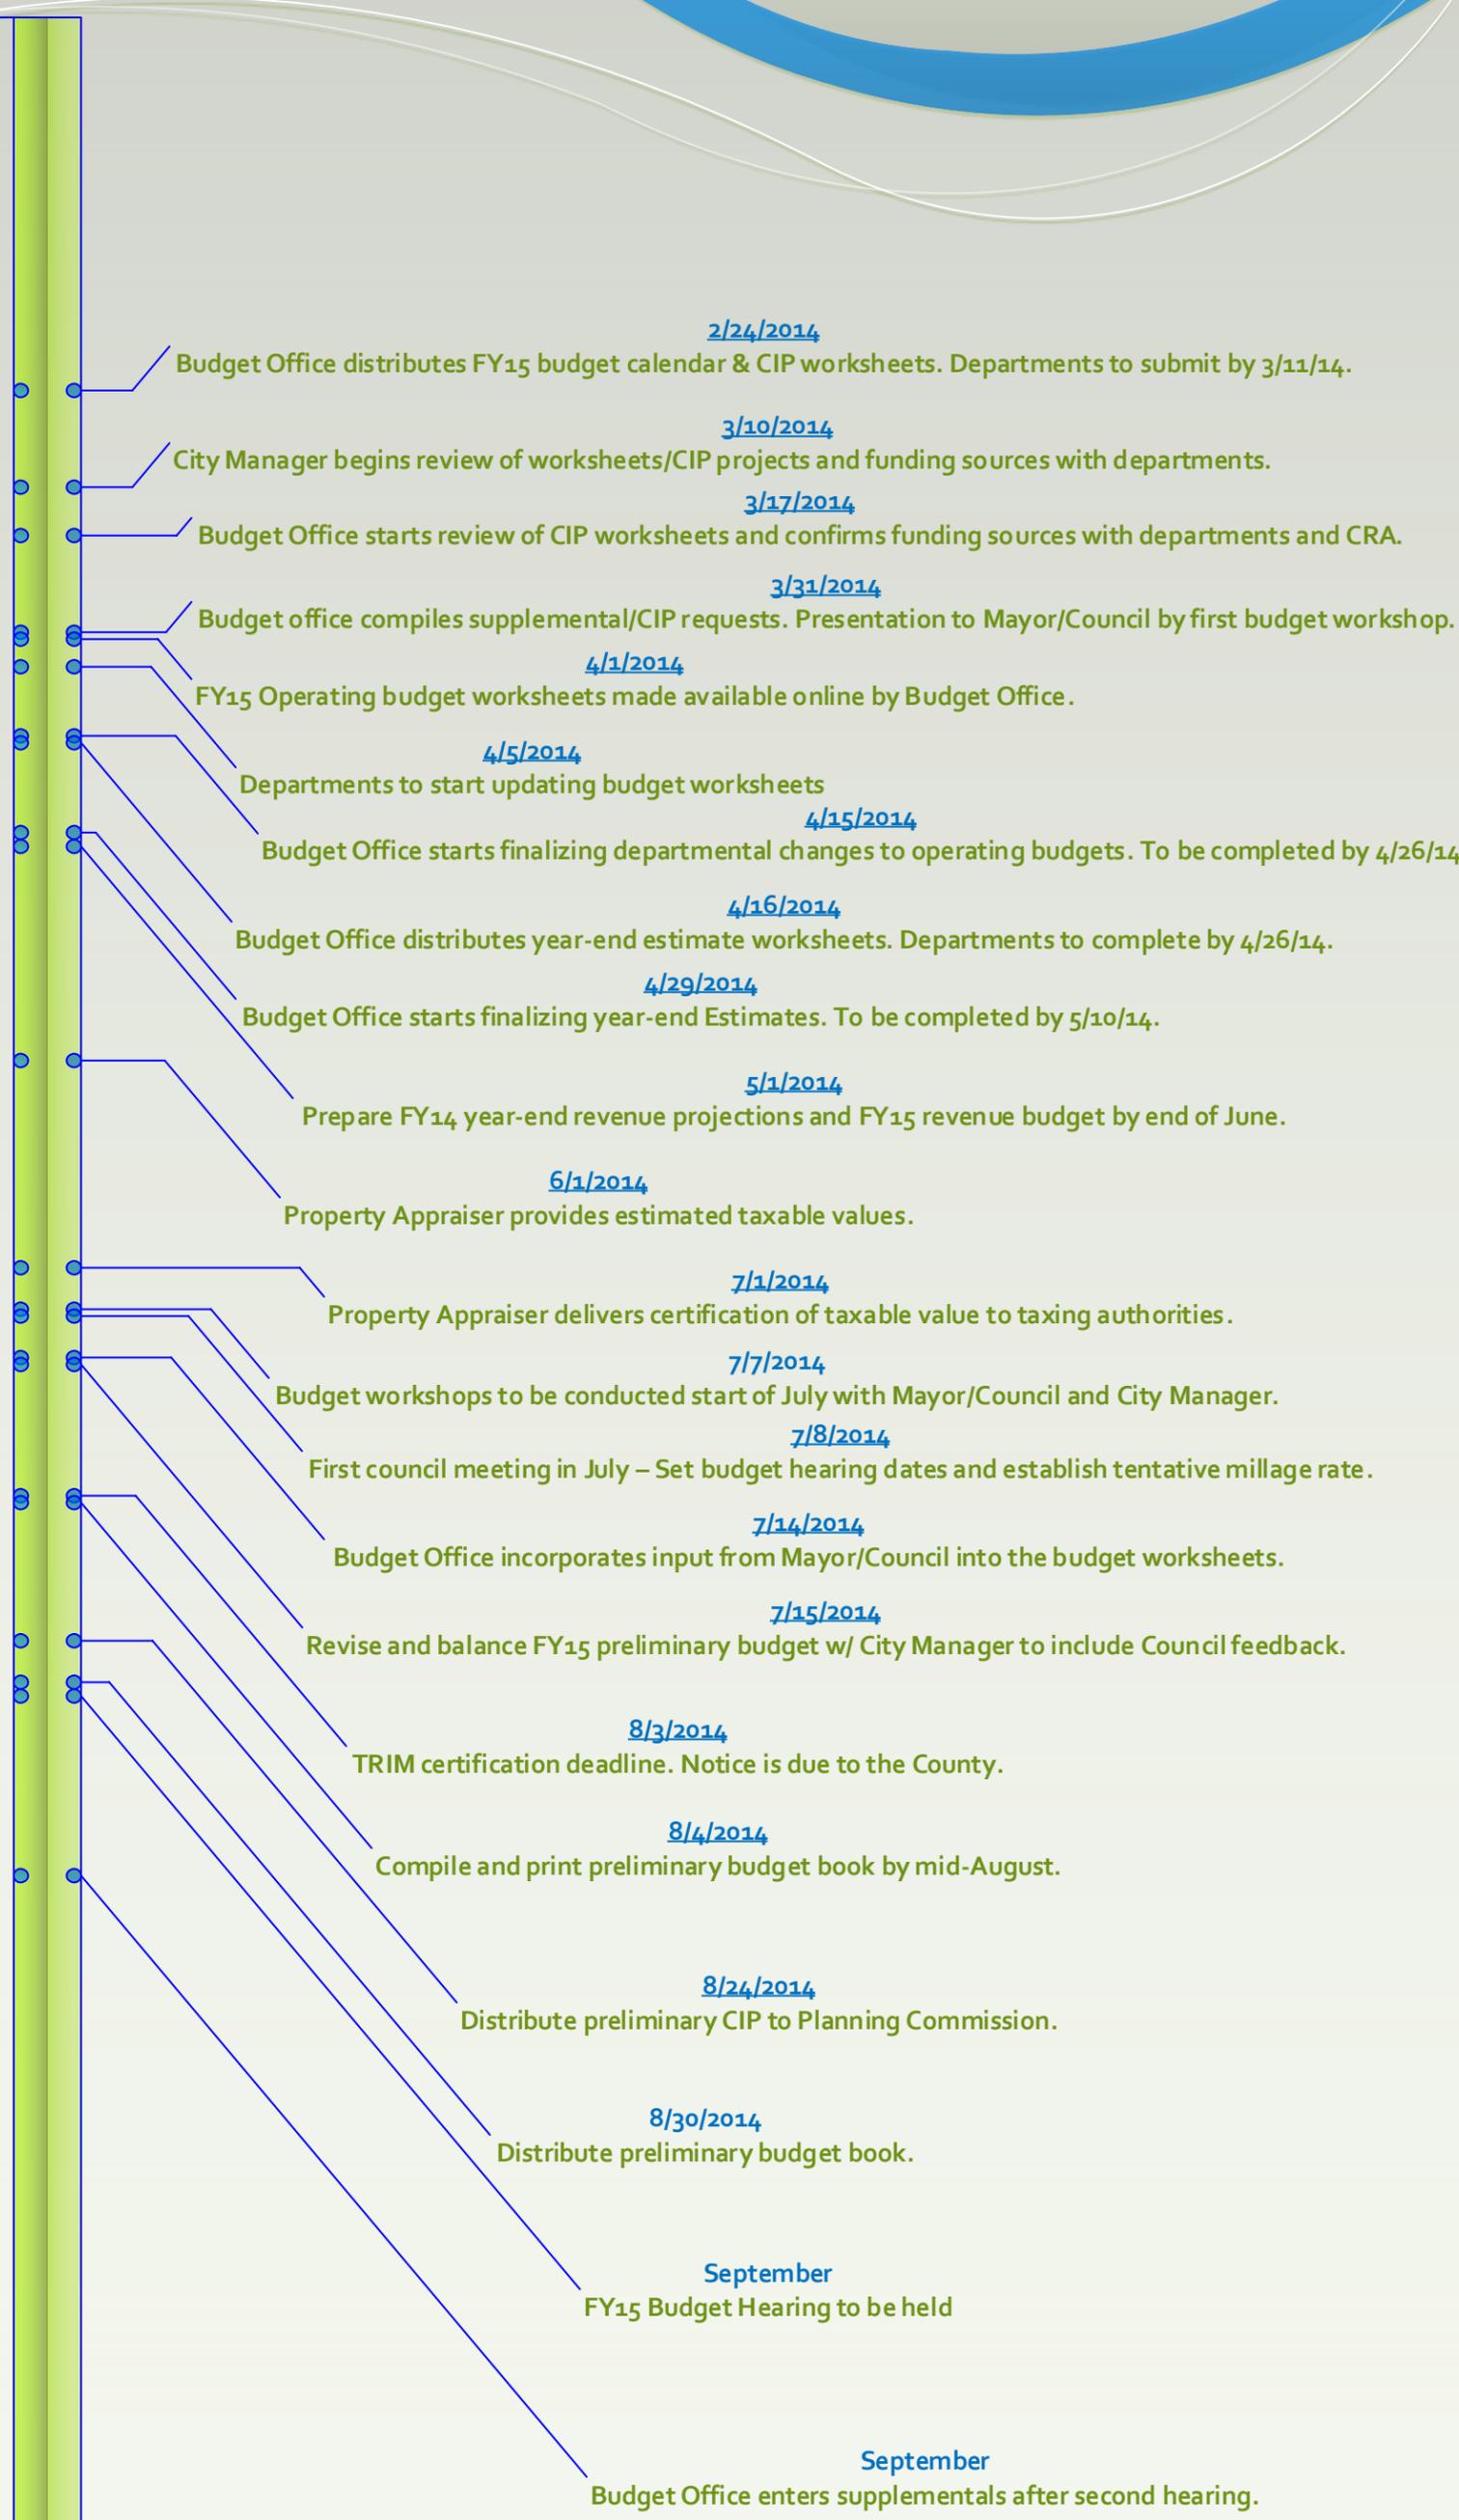

DEBT MANAGEMENT POLICIES

- The City of North Miami will seek to improve our bond rating to minimize debt service costs and preserve access to credit markets.
- Each bond issue will include an analysis of how the new issue and current debt impacts debt capacity.
- Financing of projects will not exceed the useful life of the infrastructure improvement or capital acquisition.
- The City will limit the amount of debt issued and planned in any planning period to the amount that can be supported by revenues projected to be available on a prudent and conservative basis
- All fund designations and reserves will be evaluated annually for long-term adequacy and availability in accordance with policies developed and approved by the City Council.
- The General fund balance will be maintained at a level which will adequately cover an emergency in the future.
- Fund balances will be used prudently and conservatively to fund one time expenditures and stabilize the property tax rate.

Budget Overview

FY14 Budget Timeline

January 2014

December 2014

Budget Overview

BUDGET PROCESS

During the first quarter of the fiscal year, the Office of Management and Budget reviews and develops data useful in preparing revenue and expenditure forecasts. This data is compiled and analyzed and used in preliminary budget discussions for the upcoming year with the Mayor/Council and City Manager. In spring, prior to budgets being submitted, departments with exceptions meet with the City Manager. These staff meetings provide each department head with an opportunity to discuss and defend the requested amounts for the individual departmental budget as submitted. Budgets are later submitted to the Office of Management and Budget staff for review. Staff analyzes these budgets for accuracy and content making sure budget guidelines have been followed. In late June/July, the Office of Management and Budget staff prepares a draft tentative budget for review by the City Manager. On June 1, preliminary taxable values are received. If necessary, additional department meetings are held and additional revisions are made to the draft tentative budget. In August, the Office of Management and Budget staff prepares the final tentative budget document and submits to the Council for review. The final budget workshops are held in August/September. These workshops provide the opportunity to establish millage rates, finalize department budgets, etc. Two public hearings are held to adopt the millage and budget. The CIP (Capital Improvements Plan) is adopted at the same time as the budget. Following the Council's approval of the budget, the Office of Management and Budget staff prepares the adopted budget for distribution. The adopted budget becomes effective October 1 through September 30.

AMENDMENTS TO THE ADOPTED BUDGET

During the year, the Office of Management and Budget acts on departmental budget changes that do not alter the total revenue or expenditures budgeted. All other budget changes, whether they are transfers between departments or alterations of total revenues or expenditures in a fund, are approved by the Council/City Manager. Amendments to the adopted budget can occur at any time during the fiscal year.

Budget Amendment - The purpose of the amendment process is to adjust fund amounts to reflect revenues anticipated to be received and to balance expenditures to these revenues in accordance with state law and sound fiscal practices.

Budget Transfer - Departmental budgets may be amended by transfer action, but must be approved.

Budget Overview

TRIM PROCEDURES

By July 1st each year the Property Appraiser certifies the tax rolls for the City on form DR-420. This roll is used in formulating the proposed millage rate for the coming year. Thereafter the following timetable must be adhered to:

- Within 35 days the City Manager must have submitted the proposed budget to Council and delivered the DR-420 to the Property Appraiser.
- Between 65-80 days from date of certification (September 3-18) the City must hold a tentative budget and millage hearing. This hearing cannot be held sooner than ten (10) days following the mailing of notices by the property Appraiser (August 24th).
- Within fifteen (15) days of the tentative budget and millage hearing (September 18-October 3) the City must advertise a final hearing on the budget.
- Not less than two (2) or more than five (5) days after the advertisement (September 20-October 8), a final hearing adopting the budget and millage is held.
- Within three (3) days after adoption, the City must certify the adopted millage to the Property Appraiser and Tax Collector.
- Within three (3) days after receipt of final value, as discussed below, the Finance Administrator completes form DR-422 and returns to the Property Appraiser.
- Within thirty (30) days of final millage and budget adoption, the City must certify compliance with Section 200.065 and 200.068, F.S., to the Department of Revenue.

After Value Adjustment Board (VAB) hearings are held, the Property Appraiser will certify the final adjusted value to the City. This happens after the Tax Collector mails the tax bills in November, as opposed to waiting until the VAB hearings have been held before billing. This could happen if the Tax Collector chose not to extend the tax rolls. If this were to happen, bills would not be mailed until all VAB hearings had been held; however, the City would then have the ability to administratively adjust its millage rate if the final value varies from the initial certification by more than one (1) percent.

Budget Overview

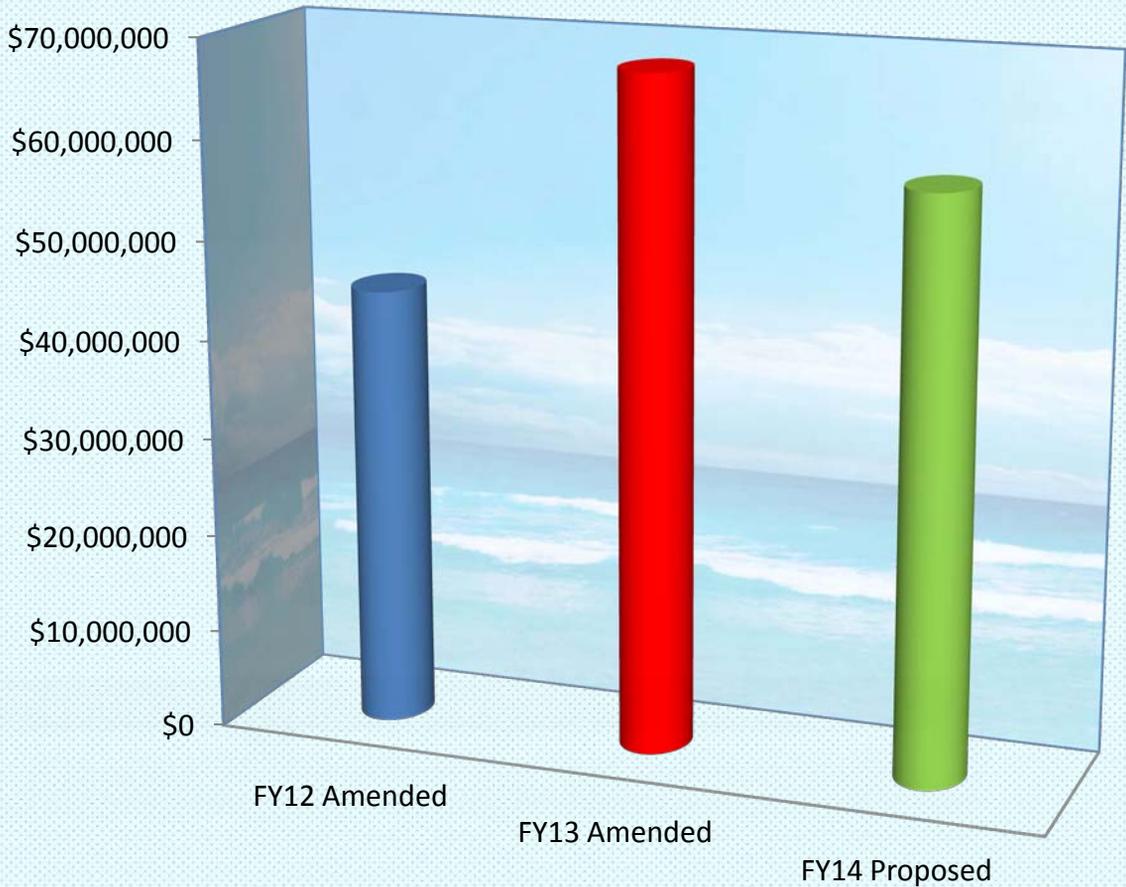

BUDGETARY ACCOUNTING

The annual operating budget balances operating expenditures with operating revenues. The City budgets for governmental funds, which include the General Fund, Special Revenue Funds and Capital Funds, based on the modified accrual basis of accounting. Under this method, revenues (income) are recognized in the period they become measurable and available to finance expenditures of the period and expenditures (expenses) are recorded when incurred with the exception of principal and interest on long-term debt, which are recorded when due. Exceptions to the modified accrual basis of accounting are as follows:

- Sales and use taxes are considered to be revenue when received rather than when earned.
- Project lengths (continuing appropriation or projects that span more than one year) budgets adopted during the year are considered to reduce funds available in the year funds were originally appropriated. Overspending of project length budgets is considered to reduce funds available. The closeout of unspent project length budgets is considered to increase funds available. The budgets for Enterprise Funds are prepared using the accrual basis of accounting except for the exceptions listed below. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.
- Capital outlay is budgeted as an expense in the year purchased.
- Interest capitalized on construction projects is budgeted as interest expense.
- Proceeds from the issuance of debt are considered to be revenues, not an increase in liabilities.
- Principal payments are shown as expenditures rather than reductions of the liability.
- Receipts of long-term receivables are considered to be revenues, not reductions of the receivable.
- Proceeds from the sale of assets are recognized as revenue; however, the related gain or loss is not.
- Purchases of inventory are considered to be expenses when purchased, not when sold or used.
- Accrued compensated absences are not considered to be expenditures until paid.
