# RECYCLE FOR THE PLANET

## ENVIRONMENT:

To date, RecycleBank communities have recycled 49,512 tons of materials (over 99 million lbs). That translates to savings of over:

- 502,000 trees
- 33 million gallons of oil
- 207 million gallons of water

## LOCAL ECONOMIES:

Households overwhelmingly choose to redeem their Points for local/regional rewards. That means millions of dollars for 'Main Streets' all over the U.S.

## SCHOOLS:

Through the RecycleBank Green Schools Program, \$75,000 has already been granted to local schools for environmental programming—after all, kids are the future.

# REWARDS FOR THE PEOPLE

**01** The process is simple. Recyclables go in one cart. No sorting!

**02** Your cart has an ID tag that is recorded by the recycling truck. The amount recycled is converted to RecycleBank Points.

**03** Redeem your Points for rewards of your choice. From basic needs to guilty pleasures, we have rewards for everyone!

With RecycleBank, you earn Points for every pound recycled, similar to airline miles for flying. Use your RecycleBank Points to shop for rewards like groceries, gift cards and much more.

### **THE BASICS:**

We all need them! Redeem your Points for rewards at grocery stores and pharmacies.

---

### **TREAT YOURSELF:**

We all deserve to treat ourselves...chocolates, flowers, gifts, massage, jewelry or a weekend getaway.

---

### **EVERYTHING IN BETWEEN:**

New sneakers, books for school, a new electronic gadget, home goods...you get the idea.

---

### **LOCAL FAVORITES:**

Your Points become savings at your favorite neighborhood spots, cafes, boutiques, salons and farmers markets.

---

### **DONATIONS:**

Reward local schools, charities and environmental causes as your Points become funding for non-profits of your choice.

# EXPERIENCE RECYCLEBANK REWARDS

Households can earn hundreds of dollars worth of rewards every year. Each pound recycled equals 2.5 Points and the average reward is 50 - 100 Points.

**1LB =**  
**2.5 POINTS**

- 18** Plastic Bottles\*
- 32** Soda Cans\*
- 02** Glass Bottles\*
- 01** Cardboard Box\*

\*Varies based on size of materials. All recyclables must be empty.

**MARKET**

## FIND OUT MORE

We believe everyone can recycle and everyone should be rewarded for it.

**Visit [www.RecycleBank.com](http://www.RecycleBank.com) to learn how.**

“The RecycleBank program has been absolutely fantastic for our community and was frankly long overdue. We were conscientious before, but now that we have the program we’ve increased our household recycling tremendously and use our rewards Points for useful everyday purchases.”

**Peter Brownell**, RecycleBank Member
