ARTICLE 3 – INTENT OF AGREEMENT

3.1 Execution of this Agreement is a representation that the Contractor has carefully examined the Contract Documents and the site, and represents that the Contractor is thoroughly familiar with the nature and location of the Project, the worksite, the specific conditions under which the Services are to be performed, and all matters which may in any way affect the Work or its performance. The Contractor further represents that, as a result of such examinations and investigations, the Contractor thoroughly understands the Contract Documents and their intent and purpose, and is familiar with all applicable codes, ordinances, laws, regulations and rules as they apply to the Work, and that the Contractor will abide by same. Claims for additional time or additional compensation as a result of the Contractor’s failure to follow the foregoing procedure and to familiarize itself with all local conditions and the Contract Documents will not be permitted.

3.2 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Project by the Contractor. Contract Documents are complimentary, and what is required by any one shall be as binding as if required by all;

performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonable inferable from them as being necessary to produce the intended results.

3.3 In the event of conflicting provisions in the specifications or the Drawings, the more specific provision will take precedence over the less specific; the more stringent will take precedence over the less stringent; and the more expensive item will take precedence over the less expensive. On all Drawings, figures take precedence over scaled dimensions. Scaling of dimensions, if done, is done at the Contractor's own risk.

3.4 Organization of the specifications into divisions, sections and articles, and the arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

3.6 In the event of any conflict between the Contract Documents or any ambiguity or missing specification or instruction, the following priority is hereby established:

3.6.1 This Agreement.

3.6.2 Specific written direction from the City Manager or City Manager's designee.

3.6.3 The Proposal.

ARTICLE 4 – TERM OF AGREEMENT

4.1 Subject to authorized adjustments, the Term of Agreement shall be the period of time not to exceed three hundred sixty (360) Days following the City's issuance of its Notice to Proceed to Contractor, which shall constitute the guaranteed time upon which Contractor is to complete the Project in accordance with the terms, conditions and specifications contained in this Agreement, unless terminated earlier by the City.

4.2 Contractor agrees that the Work shall be pursued on schedule, diligently and uninterrupted at a rate of progress which will ensure full completion within the agreed Time Schedule. Failure to achieve timely final Project completion shall be regarded as a material breach of this Agreement and shall be subject to the appropriate remedies available at law. This Agreement shall remain in full force and effect until the completion of the Project by the Contractor and the City's acceptance of the Project.

4.3 Minor adjustments to the time for performance which are approved in writing by the City in advance, shall not constitute non-performance by Contractor. Any impact on the time for performance shall be determined and the time schedule for completion of Work will be modified accordingly.

4.4 When, in the opinion of the City, reasonable grounds for uncertainty exist with respect to the Contractor's ability to perform Work or any portion thereof, the City may request that the Contractor, within a reasonable time frame set forth in the City's request, provide adequate assurances to the City in writing, of Contractor's ability to perform in accordance with terms of this Agreement. In the event that the Contractor fails to provide the City the requested assurances within the prescribed time frame, the City may treat such failure as a repudiation or breach of this Agreement, and resort to any remedy for breach provided for in this Agreement or at law.

4.5 Contractor shall be required to show just cause for delays or for additional time requests. Failure to comply with this subparagraph shall be sufficient grounds for the City to find the Contractor in substantial default and certify that sufficient cause exists to terminate the Agreement or to withhold payment to the Contractor until an updated Time Schedule, acceptable to the City, is obtained. Such failure shall not be cause for additional time.

4.6 In the event the Term of Agreement date is extended, regardless of whether delay is caused by any act or neglect of the City or Force-Majeure Event, or is attributable to the City, the Contractor's sole and exclusive remedy is an equal extension of time.

ARTICLE 5 – GUARANTEED MAXIMUM PRICE/PROJECT BUDGET

5.1 Contractor shall be paid an amount not to exceed One Million One Hundred Forty-One Thousand Sixty-Nine Dollars (\$1,141,069.00) as full compensation for the Project, pursuant to Contract Documents. 5.2 The Contractor shall not withhold payments to Subcontractors if such payments have been made to the Contractor. Before issuance of a final payment, Subcontractors shall submit satisfactory evidence, releases, or waivers that all payrolls, material and supply bills, and other indebtedness connected with the Project have been paid or otherwise satisfied.

5.3 The acceptance of the final payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled prior to the time of final payment.

5.4 The making of final payment shall not constitute a waiver of any claims by the City and shall not relieve the Contractor of the responsibility for negligence, defects of manufacture, faulty materials, or workmanship to the extent within the period provided by law and by the warranties provided herein. Upon written notice by the City, the Contractor shall remedy any defects due thereto and pay all expenses for any damages to other Work resulting therefrom.

The Project Manager will promptly investigate such conditions and, if they differ materially and cause an increase or decrease in the Contractor’s cost of, or time required for performance of any part of the Work, will recommend an equitable adjustment in the PROJECT AMOUNT or to the Term of Agreement or both. If the Project Manager determines that the conditions at the Worksite are not materially different from those indicated in the Contract Documents and that no change in the PROJECT AMOUNT or to the Term of Agreement is justified, the City shall so notify the Contractor in writing, stating the reasons. If the Contractor fails to cure the default, the Contractor will only be compensated for completed Work. In the event partial payment has been made for such Work not completed, the Contractor shall return such sums due to the City within ten (10) Days after notice that such sums are due. The Contractor understands and agrees that termination of this Agreement under this section shall not release Contractor from any obligations accruing prior to the effective date of termination.

ARTICLE 29 - MISCELLANEOUS PROVISIONS

29.1 No waiver or breach of any provision of this Agreement shall constitute a waiver of any subsequent breach of the same or any other provision hereof, and no waiver shall be effective unless made in writing.

29.2 All representations, indemnifications, warranties and guarantees made in, required by, or given in accordance with this Agreement, as well as all continuing obligations indicated in the Contract Documents, shall survive final payment, completion and acceptance of the Work and termination or completion of the Agreement.
