Dept. #:	04
Division #:	409

Objective:

\$ 1,140,903 To manage the Finance Department's five operating divisions - Administration, Accounting, Utility Billing, Liens; and prepare financial reports for the annual independent audit as required by State law and the City Charter.

ACTIVITIES:

\$ 980,603 001 **Finance Administration:** the Finance Department was created, and is guided by provisions of the City Charter to ensure a clear division of duties and necessary internal controls over the City's cash and investments, revenues, expenditures, capital assets, utility billing, accounts receivable, accounts payable, accounting, payroll, and administrative support for the City's two pension plans. Ensure efficient financial operations of the City; provide management and administrative support to other Finance divisions; bill and collect for miscellaneous services for operating departments; coordinate the external audit; provide financial administration for grants.

\$ 160,300 002 **Annual Independent Audit:** the City contracts with an independent audit firm to conduct an annual audit of the City's financial records as required by Florida Statutes (Section 11.45) and the City Charter (Article 11, Section 9(14)); this includes the Federal and State Single Audits. The City retains the services of an independent third-party audit firm to conduct internal audits and reviews as needed.

Division: Community Planning & Development
Dept. #: 09
Division #: 439

Objective:

\$ 1,595,724 To oversee and manage the Community Planning & Development (CP&D) including Business Tax Receipts, Building, Planning, Zoning, and Sustainability divisions. Facilitate the process to provide sustainable development that will raise the City's tax base, create vibrant and attractive, streets, residential neighborhoods, parks and commercial spaces. CP&D also provides professional and technical services that will facilitate and develop the City of North Miami's reputation as a sustainable and thriving community that is a safe, desirable, and diverse place to live.

ACTIVITIES:

\$ 344,093 001 Administration: oversee and manage the department operations and budget across various divisions such as: Building, Planning, Zoning, and Sustainability. Administration strives to make CP&D a "one-stop-shop" that connects residents and developers to the key services needed to facilitate quality development that creates a balanced and thriving community.

\$ 895,146 002 **Planning & Zoning Services:** provide professional support to the Planning & Zoning Commission, Board of Adjustment, and City Council; update, as needed, and monitor compliance with the Comprehensive Plan and Land Development Regulations; prepare short and long-range neighborhood plans; work with neighborhood groups on special projects to develop and pursue multi-modal strategies to support the City's transportation initiatives and cultivate harmonious and innovative development in the City; provide professional support to local businesses with Business Tax Receipts and Certificate of Use.

\$ 356,485 004 **Sustainability/Green Initiative:** implement the Resilient Nomi Initiative to create a more sustainable and resilient city through strategic planning, programming and policy development. These initiatives are aimed to plan, protect and preserve North Miami's environment for future generations to come.

Budget Objectives Form

Department: Public Works
Division: Street Maintenance & Construction
Dept #: 10
Division #: 450

Objective:

\$ 2,223,710 To maintain the city rights-of-way, including streets, alleys, and sidewalks; to provide safe, passable rights-of-way for city residents and visitors; to install new curbs, gutters, and sidewalks; to resurface city streets as approved annually through the budget process; to maintain streets, stripping, signage, traffic calming devices, and city parking lots.

ACTIVITIES:

\$ 107,514	001	Streets Administration: Provide supervisory support for the Streets Division, including scheduling projects, communicating with vendors, coordinating and directing work crews, responding to resident complaints, and inspecting work done by outside contractors
\$ 576,929	002	Street Maintenance: Perform general maintenance of city streets, city-owned parking lots, and city-owned vacant lots, as well as bridges and seawalls. This maintenance provides residents with an aesthetically pleasing and safer environment in which to live. Street banners and various decorative light pole banners are hung throughout the year. City-owned lots, not under contract, are maintained, and those under contract are supervised by this staff. City streets and parking lots are striped, brick pavers are repaired, and graffiti is removed from city structures.
\$ 237,846	004	Permanent Concrete Construction: Construct and maintain sidewalks, curbs, gutters, and sidewalk-to-street handicap ramps throughout the city and other street construction projects.
\$ 420,000	005	Contractual Lawn Maintenance: Provide and oversee a monthly contract for mowing and cleaning services for various city-owned lots to ensure that areas are maintained on a regular basis.
\$ 483,675	006	Storm Drain Construction & Repair: improve the city's stormwater drainage system through minor construction and retrofit projects that are prioritized according to the adopted Stormwater Master Plan. Major projects will be completed by outside contractors.
\$ 210,246	007	Commercial Corridor Improvement Program: maintain the city's commercial corridors.
\$ 187,500	CIP	Street/Alley/Sidewalk Improvements

Objective:

\$ 4,705 To provide specialized programs for North Miami's youth as recommended by the Youth Opportunity Board and the City Council.

ACTIVITIES:

\$ 2,375 001 **Summer Intern Program Luncheons:** provide weekly lunch and learns for the YOB Summer employment high school students that are City residents and interested in public service. Students work in various City departments performing tasks, completing projects and learning governmental operations.

\$ 1,380 003 **Government Days:** Student in Government Day is held in October in conjunction with Florida City Government Week. The program gives elementary through high school students an opportunity to become familiar with municipal government. Know Your City Government Day is held in March and gives approximately 70 elementary and middle school students the opportunity to spend half a day learning about City government through role playing and interacting with City Officials. Both programs give students an opportunity to meet the North Miami City Council, the City Manager and City staff.

\$ 950 004 **MLK Day of Service:** a national day of service that will encourage residents to volunteer and improve their communities

Objective:

\$ 6,896,465 The Code Compliance Department collaborates with N.M.P.D for parking enforcement, property transitions, business operations, housing inspections, and Animal Services, including stray animal control, enforcement of animal-related ordinances, and community education on responsible pet ownership. Sanitation Services handles waste-related requests and maintains public spaces by addressing litter, debris, and illegal dumping. We strive for compliance using both formal and informal approaches, supporting the City's vision of providing top-tier municipal services to all stakeholders and enhancing the community's overall quality of life.

ACTIVITIES:

\$ 1,996,727	001	Administration: handles various administrative and support functions to ensure the department operates smoothly. These responsibilities include budget management, policy development, staff support, training and development, public relations, data management, customer service, and coordination with other city departments. They oversee financial operations, develop and implement policies, provide administrative support to staff, organize training programs, handle communications and public relations, collect and analyze data, address public inquiries and complaints, and work with other departments to ensure comprehensive service delivery, all aimed at maintaining safe, clean, and compliant neighborhoods.
\$ 25,500	002	Special Magistrate: presides over code compliance and minimum housing cases.
\$ 139,400	003	Vehicles: provides funds for the daily operation, preventive maintenance, emergency repairs and replacement of vehicles.
\$ 4,734,838	005	Sanitation Services: provides prompt responses to daily complaints and requests regarding all challenges relating to Solid Waste. This includes the replacement of trash and recycling carts, the collection of garbage, recycling, and bulk waste from residential customers, issues, requests, challenges are typically responded to and resolved within 24 to 48 hours. Additionally, the Dream Team addresses the removal of litter, debris, graffiti, and illegal dumping from public right of ways, ensuring a cleaner and more orderly environment for the City of North Miami.

FY 2024-25 CIP REQUEST

Project Description:	Resurfacing	
Department:	Public Works	Project #
Division:	Gas Tax	Totals
Account Number:	370-09-620000-541-618-000	Request Type
Project Location:	Citywide	Priority Level

Objective:

Resurface streets, including milling where required, within city limits. Areas where work will be performed are determined by priority based on the severity of the damage..

Justification:

The Streets Division has in the past resurfaced the vast majority of the paved streets. Due to regular traffic use, weather conditions, etc., many of the roads are now in need of resurfacing. A private contractor will be hired to resurface existing streets as determined by priority. In some instances, milling may be required in order to maintain existing street elevations; this is necessary to prevent stormwater runoff onto private properties and rights-of-way.

Project Estimates:

Department:	Public Works-Water & Sewer
Division:	Utility Equipment Maintenance
Dept #:	10
Division #:	644

Objective:

\$ 2,277,117 To ensure compliance with state statutes that address the health and welfare of the public and to provide around-the-clock maintenance and repairs to the equipment and electrical systems required to run the 47 sewage pump stations that provide services to the city's customers.

ACTIVITIES:

\$ 1,117,636	001	Lift Station Maintenance and Capital Improvements: operate and maintain 47 sewer pumping stations, which collect and transport wastewater from customers to a treatment facility. Repair and replace sewer pumps, repair sewer pipes going in and out of lift stations, deodorize and degrease lift stations, perform some general welding work, and perform all major upgrades to lift stations as needed.
\$ 404,081	002	Electrical Services: install, maintain, and repair all electrical equipment at the 47 sewer pumping stations to ensure their proper operation. Provide electrical services to other departments for maintenance and capital projects.
\$ 200,000	003	Lift Station Rehabilitation: A few of the city's sanitary lift stations are dated and in poor condition. The risks of leakage and contamination are a large concern, as is the cost of remediation and clean-up. The city needs to protect our facilities and the surrounding residents in the areas around the lift stations. A 20-year revitalization and maintenance schedule has been developed to proactively address these and other possible risks.
\$ 230,400	004	Vehicles: provides funds for the daily operation, preventive maintenance, emergency repairs, and replacement of vehicles.
\$ 325,000	CIP	Lift Station Rehabilitation

Dept #: 10
Division #: 649

Objective

\$ 8,227,820 To ensure the satisfactory flow of potable water from the treatment plant to customers throughout the system through aggressive repair, replacement, and maintenance of water mains, water lines, and water meters, as well as certification of back flow prevention devices

ACTIVITIES:

\$ 1,647,452	001	Water Distribution: crews install, repair, replace, and maintain water meters, mains, and service lines; test water meters and repair or replace defective units; certify backflows on an annual basis; continue an aggressive leak detection program to maximize the water pressure customers receive and minimize water losses; and maintain an inventory of parts required to maintain the water and sewer systems.
\$ 654,368	002	Water Line Installation & Maintenance: crews replace 2" water lines that have deteriorated, causing leaks and low water pressure for customers; replace city service lines; prepare project specifications and monitor replacement of water lines by private contractors; install additional and replacement fire hydrants; and assist the Water Distribution crew with performing leak detection, replacing dead meters, and making repairs determined through the leak detection process.
\$ 300,000	003	Cyclical Water Line Replacement: this level will fund in-house projects to replace water lines through the City of North Miami. The city has always budgeted funding to repair, replace, and maintain water meters, mains, and service lines; test water meters and repair or replace defective units; and certify proper function on an annual basis. Current funding for service lines will remain in place for emergency repairs; this will supplement funding for annual line replacement.
\$ 326,000	004	Vehicles: provides funds for the daily operation, preventive maintenance, emergency repairs, and replacement of vehicles..
\$ 5,300,000	CIP	Watermain Improvements

Budget Objectives Form

Department:	Public Works-Water & Sewer
Division:	Sewer Collection & Disposal
Dept #:	10
Division #:	650

Objective:

\$ 24,788,538 To install and repair sewer mains and laterals in order to ensure uninterrupted sewage flow from system users to the treatment facility; to provide for the disposal of liquid waste (sewage); and to make major repairs to sewer mains and manholes by private contractors in order to continue a multi-year program to reduce groundwater infiltration into the city's sewer system.

ACTIVITIES:

\$ 1,038,083	001	Sewer Maintenance & Installation: locate, repair, and maintain the sewer gravity mains, sewer force mains, and laterals throughout the city; install sewer mains and laterals for new services; and handle all emergency sewer line backups and breaks.
\$ 286,525	002	Sewer T.V. Crew: provides "in-house" TV monitoring, as well as cleans and seals pipes and sewer lines annually, and provides continuous preventative maintenance of the sewer lines that have been sealed or replaced.
\$ 15,982,571	003	Sewage Disposal Fees: provide treatment and disposal of liquid waste by the Miami-Dade Water and Sewer Authority Department as required by state and federal law.
\$ 166,959	004	Cyclical Sanitary Sewer Rehabilitation: this level provides funds to implement a 20-year rehabilitation and maintenance schedule for the City's Sanitary Sewer system. The City's Sanitary Sewer System is old; therefore, due to the age and condition of the pipes, excess groundwater infiltration is responsible for sewer backups and excessive sewage treatment charges. Implementing a rehabilitation and maintenance schedule will address these issues and reduce sewage treatment costs.
\$ 634,400	005	Vehicles: provides funds for the daily operation, preventive maintenance, emergency repairs, and replacement of vehicle
\$ 6,680,000	CIP	Sanitary Sewer Rehabilitation - Gravity Improvement

Department: Public Works-Stormwater Utility
Division: Stormwater Operation & Maintenance
Dept #: 10
Division #: 621

Objective:

\$ 4,485,091 To maintain the city's storm sewer system, including administrative engineering services; cleaning, removing, testing, and disposing of debris from manholes, catch basins, and exfiltration systems; and street sweeping services.

ACTIVITIES:

\$ 571,612	001	Stormwater Engineering: administer environmental compliance with the NPDES permit requirements; inspect all public drainage projects; administer planning and design review for compliance with federal, state, and county requirements, as well as design permitting and project management of capital improvement drainage projects as prioritized in the adopted Stormwater Master Plan; ensure compliance with the National Flood Insurance (NFIP) community rating system program; submit grant procurement materials; and provide assistance in the design of drainage projects and maintenance of the storm sewer atlas.
\$ 651,646	002	Storm Drain Maintenance: maintain the city's stormwater system by cleaning leaves and debris from manholes, catch basins, and exfiltration systems, cleaning 31 canal ends, and removing debris from the storm sewer system. Reimburse Miami-Dade County for services it provides in maintaining the city's storm sewer system.
\$ 80,096	003	Street Sweeping: clean and maintain designated streets within the city in order to prevent debris from entering canals through drainage outlets.
\$ 100,000	004	Catch Basin Cleaning: contractual services needed to assist the Stormwater Maintenance employees with the cleaning and jetting of storm drain lines within the city.
\$ 25,000	005	Stormwater Quality Monitoring: reimburse Miami-Dade County for water quality monitoring of seven major outfalls. This expense is related to Phase II of the EPA National Pollutant Discharge System (NPDES) Permit.

Budget Objectives Form

Budget Objectives Form

Department: City Manager
Division: Risk Management - General Liability
Dept #: 02
Division #: 675

Objective:

\$ 2,503,212 To produce a fiscally sound budget to insulate the City from financial impacts of tort liability, employment liability, police liability, litigation and employee workplace injury. Maintaining appropriate funding level is essential to achieve financial solvency and success for the Risk Management Program. In support of this objective, a reserve for liability claim will be maintained.

ACTIVITIES:

\$ 2,306,706	001	Risk Management Administration: efficiently manage the City's self-insured automobile and general liability program which includes administration of general liability claims; settlement of claims; mitigating and preventing claims through a pro-active safety program, enhanced by ongoing safety training classes, employee safety incentives, facility and jobsite inspections. Risk Management diligently subrogates third parties to recover funds due the City for losses where third parties are liable; obtains adequate and cost-effective liability insurance coverage for various risk, and monitors these insurance policies.
\$ 187,506	002	Safety Program: promote the maintenance of a safe and healthy working environment supported by a comprehensive safety agenda that includes implementation of citywide safety policies and procedures, adoption of OSHA standards, ongoing employee safety training, facility and job site inspection, behavior modification through Drive Cam program and a safety incentive program. Risk Management also reviews and monitors City contracts, assuring that risk and safety related requirements are incorporated.
\$ 9,000	003	Vehicles: provides funds for the daily operation, preventive maintenance, emergency repairs and replacement of vehicles.

Department:	City Manager
Division:	Risk Management - Workers' Compensation
Dept #:	02
Division #:	676

Objective:

\$ 1,473,775

The City's Workers Compensation self-insurance program delivers expedient and efficient medical, indemnity and disability benefits to employees who are injured in the course and scope of employment. These benefits are delivered pursuant to Florida Statutes 440. The stability of this program is maintained through the purchase of excess workers compensation insurance, and establishment of actuarially sound claim payment reserves.

ACTIVITIES:

\$ 1,473,775

001 **Workers' Compensation Program:** the appropriate level of service mandated by F.S. 440 is achieved through contractual work by a Third Party Administrator (TPA) and a full-time Risk Management Administrator; this position ensures efficient delivery of services to employees, assists in return to work placement, managing the claims payment account (ensuring funding levels are met), reconciling check register/bank balances, generating trend and loss reports to target employee training needs and prevent repeated injury occurrence funded through the General Liability Program. Penalties for late payment are also eliminated and compliance with all legislative changes are assured. The viability of the Workers' Compensation Self Insurance program is achieved by maintaining a moderate level of self-insured retention and adequate claim payment reserves as recommended by FY22 year-end actuarial study. The purchase of excess insurance transfers the risk and insulates the City against severe or catastrophic losses arising from workers' compensation claims.
