Mission statement

The Police Athletic League of North Miami's (PAL of North Miami or PALNM) mission is to cultivate the partnership between parents, schools, the community, and the police department in order to develop productive, active leaders from our communities' youth.

Targeted Populations

Approximately 90% of the youths (ages 8-18) served are first generation Americans and English is their second language. PALNM Staff assist with not only the youth's assimilation but, the family's as well.

Project/Program Description

The main objective of the PALNM program is to meet the needs of our youth through a variety of after school athletic and educational programs utilizing positive role models such as police officers, educators, and community volunteers in informal settings other than the structured classroom environment.

While most Police Athletic Leagues are centered around sport activities, North Miami has adapted its program to match the vital needs of the community. PALNM focuses on Mind, Body and Spirit.

Mind- To have goals founded in the strength of a person's character and integrity both on and off the field — the mental fortitude to overcome adversity with a resiliency to press forward developing leadership and teamwork skills.

Body- To cultivate positivity and healthy habits around food and physical activity stewards a lasting impact on self-esteem, self-perception and how to interact with a image-driven culture.

Spirit- To value a connection with the community that will help guide a moral compass, strengthening bonds to one another and the neighbors to whom they represent.

Our current programming consists of:

- Homework Help,
- Peer Mentoring,
- One on One Mentoring,
- Seasonal Camp Programs (Summer, Winter and Spring Camps),
- Life Skills Workshops and Experiences,
- Diversion Program
- Jiu Jitsu.

Homework Help

PALNM also provides educational services such as after-school Homework Help. The Homework Helpers help the participants with homework in the English, Reading, and Math subject areas. At times, the homework has to be explained in their native tongue and then translated to their native tongue prior to assisting the youths with their homework. Many of the parents speak little to no English.

Our multi-lingual and multi-cultural staff not only service the youths attending our various programs, but also assist the parents/guardians when they need assistance. Our services include translating important school correspondence as well as speaking to school administrators and teachers on their behalf. PALNM not only services the at-risk youths we service the entire family.

Diversion Program

The Diversion Program was designed to help remedy the behavior leading to criminal activity and give the child offender an opportunity to avoid prosecution by completing various requirements which in turn exonerate the participant of all charges. It also gives the youth a second chance. The program gives the child an opportunity to serve his/her community service hours or probationary period at PALNM. While at the PALNM, he/she receives peer mentoring and mentoring from various Police Officers within the Community Oriented Police Service Section (COPSS). Once the sentencing term has been satisfied, the participant may choose to remain in one of the various programs offered by PALNM.

Students receiving Outdoor Suspension are particularly at risk as they are home with limited to no supervision. PALNM allows the student to come to the facility during the suspension duration where he/she completes the assignments as prescribed by the school administrators. This allows the student to not fall behind and lower their GPA which leads to further delinquency.

Peer Mentoring

The Peer Mentoring Program connects participants of similar age, education level, experience levels, and cultural background to work together to help each other grow. The relationship is less

formal than traditional mentorship, yet it is structured so that both parties feel that it is beneficial with the supervision of an adult.

One on One Mentoring

The One-on-One Mentoring is the traditional mentor-mentee. The participants are matched with an officer. This type of mentoring is focused on building positive relationships and interactions both at home and at school. Various coping skills are introduced to help the mentee develop their interpersonal skills, and stress management.

Seasonal Camp Programs

The Seasonal Programs are held during the Summer, Winter, and Spring breaks. The camps consist of various educational and fun-filled field trips, and Life Skills Programming. This program is comprised of various workshops and classes. Cooking & Baking Classes, Financial Literacy Workshops, Sewing Classes, Ironing Classes, and Personal Hygiene, learning how to ride a bicycle, helmet and bicycle safety, and learning how to properly cross the street.

Positive Life Skills Workshops and Experiences

Life Skills Workshops include Financial Literacy, Swim Lessons, Bike Riding, and Home Economics. Some participants who have shown significant improvement travel to Washington DC, Virginia, Arlington, VA, Hallandale, and Orlando, FL at no expense to their parents. Others have attended Miami Dolphins' Games, Florida Panthers' Games, and Miami Heat Games.

Project/Program Expected Outcomes

PAL NM expects that the following outcomes will be achieved through the consistent provision of services throughout the program year:

- Decrease the likelihood of criminal behavior by the participating youths.
- Decrease in reports of negative student behavior.
- Successful completion of probation for any students with a probation term.
- Increase in the positive perception of Law Enforcement and the community.
- Enhance self-esteem.
- Positive change in behavior
- Increase in the participant's confidence.
- Increase in self-worth and value.
- Most participants will maintain a 2.0 or above.

Project/Program Impact

The participant's behavior and academics are monitored through the collection and review of student report cards, which indicate the students conduct and grades. Reports from parents, teachers and school administrators, siblings, and program staff are also used as a self-report method. All students on probation when entering the program or after enrollment are mandated to report this status to the PALNM staff. The Program Director, a North Miami Police Officer develops a working relationship with the parents, teachers and school administrators and

monitors their progress. The participant and parent reports are also used to determine the increase in their positive perception of their progress.

Budget

The requested 98k will be used for daily Operations of the above program supplies and staffing.
