termination. In such case, the Owner shall work with the Construction Manager to secure a replacement contractor in accord with the policies and guidelines of the Rehab Program, and shall execute all documents, including amendments to the original Mortgage and Note, if additional financing not inconsistent with the maximum available loan that can be made in accord with this Agreement, is necessary for the prompt completion of work being done in connection with the Project. The Construction Manager shall advise and consult with the Owner throughout the time of performance for the completion of the work specified in the Rehabilitation Agreement. All instructions from the Owner to the Contractor shall be forwarded through the Construction Manager. The Construction Manager shall have authority to act on behalf of the Owner only to the extent provided in this Addendum and the Rehabilitation Agreements, unless otherwise modified in writing, which shall include the following:
- (1) Preconstruction Conference. The Construction Manager shall conduct a Preconstruction Conference, to be attended by the Owner and the Contractor, said preconstruction conference to be held within five (5) working days after full execution of the Rehabilitation Agreement. The Construction Manager shall, upon conclusion of the Preconstruction Conference, issue a "Notice to Proceed" to be made effective no later than ten (10) working days from the date of the Preconstruction Conference; providing, that a "Notice to Proceed" shall not be issued or made effective until the Construction Manager is provided proper evidence of the Contractor's license(s), waiver of lien and insurance, unless otherwise provided in the Contract Documents. - (2) Work Scheduling. The Construction Manager shall obtain from the Contractor prior to the commencement of work, a schedule of the work and approximate timeframes for the performance of all work by contractors and subcontractors participating on the Project, as may be amended or supplemented from time to time, so that the Construction Manager shall continuously be informed on the "Project Construction

Schedule” to enable the Construction Manager to properly plan and perform the inspections and responsibilities of the Construction Manager.

- (3) Work Force. The Construction Manager shall be provided the full cooperation and courtesy of the workforce employed or performing work in connection with the Project by the Contractor or its subcontractors. - (4) Site Inspections. The Construction Manager shall visit the site at intervals appropriate to the stage of progress on the rehabilitation construction work to become generally familiar with the progress and quality of the work and to determine in general if the work is proceeding in conformance with the Contract Documents. However, the Construction Manager shall not be required to make exhaustive or continuous on-site inspections to check the quality or progress of the work. On the basis of these on-site observations, the Construction Manager shall keep the Owner informed on the progress of the work.
- (5) Quality Control. The Construction Manager shall oversee quality control in the charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and program performance in connection with the work at the Project, but the Construction Manager shall not be responsible for the Contractor’s failure to carry out the work in accord with the Contract Documents.

Any such changes shall be made only when and where determined necessary and desirable in the opinion of the Construction Manager. Where approved Change Orders diminish the cost of the work specified in the Rehabilitation Agreement, such changes or alterations shall not constitute a claim for damages or anticipated profits. In determining the cost of items deleted or added that diminish or increase the scope of work specified in the Contract Documents, the parties to the Rehabilitation Agreement shall use those prices already stipulated therein or otherwise consistent with the intent and reasonably inferable from the Contract Documents; and if not set forth therein or otherwise reasonably inferable thereto, fair prices shall be determined by mutual agreement between the parties to the Rehabilitation Agreement, upon the recommendation of and approval by the Construction Manager.

- (9) Payment Processing and Approvals. The Construction Manager shall review all payment applications submitted by the Contractor, whether a partial or final payment request, and shall then make recommendations to the Owner on the approval and issuance of payment. The Construction Manager shall conduct inspections to determine the dates of partial and final completion of work, and shall receive and forward to the Owner for its review, written warranties, manufacturer warranties, release of liens and related documents required of the Contractor in accord with this Addendum and the Rehabilitation Agreement. Based on the observations and evaluations of the Construction Manager, including the determinations of the local Building Officials, the Construction Manager shall determine the amount due to the Contractor on its payment application and shall process a payment request for the work at the Project found acceptably installed and in place. The Construction Manager shall process a final payment request upon performing its final inspection and its determination that the Contractor has fully complied with the requirements of the Contract Documents. In conjunction with this determination, the Construction Manager shall process the final payment request and issue the Certificate of Completion for the Project.

In the event that the Construction Manager shall in performing its final inspection determine that work, or a portion of work, does not meet the requirements of the Contract Documents, then, in such a case, the Construction Manager shall issue a "Punch List" to the Contractor enumerating the work items found to be unacceptable or deficient, and shall withhold approval of the final payment request, or on portions thereto, until all work so questioned is found acceptable by the Construction Manager. Upon said determination, the Construction Manager shall process the final payment request and issue the Certificate of Completion for the Project.

- (10) Questions and Interpretations. The Construction Manager shall be the interpreter of the requirements of the Contract Documents and the judge of the performance thereunder by both the Owner and the Contractor. The Construction Manager shall render interpretations necessary for the proper execution or progress of the work, with reasonable promptness and in accord with agreed upon time limits. Either party to the Rehabilitation Agreement may make written request to the Construction Manager for such interpretations.

All such claims, disputes and other matters in question between the Owner and the Contractor relating to the execution or progress of the work or the interpretation of the Contract Documents shall be referred to the Construction Manager for decision. Upon receipt of the written request and review of the progress of the work, the Construction Manager shall render a decision in writing within the agreed upon time limits. All interpretations and decisions of the Construction Manager shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in graphic form. The decision of the Construction Manager in matters relating to the execution or progress of work, including the artistic effect of the work, shall be final if consistent with the intent of the Contract Documents. In this capacity as interpreter and judge, the Construction Manager shall endeavor to secure faithful performance by both the Owner and the Contractor, shall not show partiality to either, and shall not be liable for the result of any interpretation or decision rendered in good faith in such capacity.

- (d) Prohibition against Use of Lead Based Paint. This Agreement is subject to the requirements of the HUD Lead-Based Paint Regulations described at 24 CFR Part 35 and made effective January 1, 1972.

The HUD Lead-Based Paint Regulations prohibits the use of lead-based paint containing more than one per centum lead by weight (calculated as lead metal) in the total nonvolatile content of liquid paint in all residential rehabilitation work for HUD-assisted or insured projects. The regulations require that any old lead-based paint remaining on walls and ceilings shall be removed or completely concealed with a suitable covering such as drywall, hardboard, plywood, etc., before these surfaces are redecorated. They apply to all exposed interior surfaces and to all portions of exterior elements and surfaces readily accessible to children, i.e., deck, stairs, porches, railings, doors, windows, etc. Concealed work such as structural steel is excluded.

The Contractor shall include the provision of this paragraph in every contract or subcontract entered into in connection with this work so that this provision shall be binding on any and all participating contractors or subcontractors.

- (e) “Section 3” Clause. This Addendum is subject to the requirements of Section 3 of The Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701U) and all applicable HUD rules and regulations issued pursuant thereto in 24 CFR Part 135, and any additional HUD rules and orders issued under it prior to the execution of this Addendum and the Rehabilitation Agreement. The Contractor shall comply with the following provision, and shall include the provisions of paragraphs (e), (1) and (2) in every contract and subcontract entered into in connection with this work so that they shall be binding upon any and all participating contractors and subcontractors.

(1) The work to be performed under this contract is on a project assigned under a program providing direct Federal financial assistance from the Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. Section 3 requires that to the greatest extent feasible, opportunities for training and employment be given lower income residents of the project area and contracts for work in connection with the project be awarded to business concerns, which are located in, or owned in substantial part by persons residing in the area of the project.

(2) The parties to this contract shall comply with the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary of Housing and Urban Development set forth in 24 CFR Part 135, and all applicable rules and orders of the

Department issued thereunder prior to the execution of this contract. The parties to this contract certify and agree that they are under no contractual or other disability, which would prevent them from complying with these requirements.

- (3) The Contractor shall send to each labor organization or representative of workers with which he has a collective bargain agreement or other contract or understanding, if any, a notice advising the said labor organization or workers' representative of his commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.
 - (4) The Contractor shall include this Section 3 clause in every subcontract for work in connection with the project and will, at the direction of the applicant for or recipient of Federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the Secretary of Housing and Urban Development, 24 CFR Part 135. The contractor shall not subcontract with any subcontractors where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR Part 135 and shall not let any subcontract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.
 - (5) The Contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected or before the contract is executed and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.
 - (6) Compliance with the provisions of Section 3, the regulations set forth in 24 CFR Part 135, and all applicable rules and orders of the Department issued thereunder prior to the execution of the contract, shall be a condition of the Federal financial assistance provided to the project, binding upon the applicant or recipient for such assistance, its successors, and assigns. Failure to fulfill these requirements shall subject the applicant or recipient, its contractors and subcontractors, its successor and assigns to those sanctions specified by the grant or loan agreement or contract through which Federal assistance is provided, and to such sanctions as re specified by 24 CFR Part 135.
- (f) Equal Employment Opportunity Clause. This Addendum is subject to the requirements of Executive Order 11246, as amended by Executive Orders 11375 and 12081, and the Contractor agrees that during the performance of the work at the Project, the Contractor shall comply with the provisions of the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" as further described at 41 CFR Part 60.4, which is incorporated herein verbatim and made a specific part of this Addendum by reference.

Copies of the aforementioned Standard Federal Equal Opportunity Construction Specifications are available, on behalf of the Owner, at the office of the Construction Manager. As contained therein, the current goals and timetables for minority and female

participation for Miami-Dade County, expressed in percentage terms for the contractor's aggregate work force in each trade on all construction work in the covered area, are as follows: 1) Goals for Female Utilization. All Trades are 6.9%; and 2) Goals for Minority Utilization. All Trades are 15.5%.

The Contractor shall include the provision of this paragraph in every contract or subcontract entered into in connection with this work so that this provision shall be binding on any and all participating contractors or subcontractors.

As specifically required under the provisions of Executive Order 11246, as amended by Executive Orders 11375 and 12086, pertaining to the provisions of the aforementioned Equal Opportunity Clause, during the performance of the work funded in connection with the Project, the Contractor agrees to comply with, and shall include the provisions of paragraphs (f) (1) through (7) in every contract or subcontract exceeding \$10,000 so that its provision shall be binding upon any and all contractors or subcontractors receiving an award exceeding \$10,000. However, for any contract or subcontract under \$10,000, the Contractor shall only include the provisions of paragraphs (f) (1) and (2) in each such contract or subcontract so that at least these provisions shall be binding upon any and all contractors or subcontractors receiving an award under \$10,000.

- (1) The Contractor shall not discriminate against any employee or the applicant for employment because of race, color, religion, sex, or national origin. The contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; lay off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, the contractor may be declared ineligible for further Government contracts or Federally-assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The Contractor shall include paragraph (f) and particularly the provisions of paragraphs (f) (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor shall take such action with respect to any subcontract or purchase order as the Department may direct as a means of enforcing such provisions, including sanctions for noncompliance provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Department, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer of such property or structure when used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits, to abide by all Federal laws and regulations.

Should the Mortgaged Property at any time require inspection, repair, care or attention of any kind or nature not provided by the Mortgagor as determined by the Mortgagee in its sole discretion, the Mortgagee may, after notice to the Mortgagor, enter or cause entry to be made upon the Mortgaged Property and inspect, repair, protect, care for or maintain such property, as the Mortgagee may in its sole discretion deem necessary, and may pay all amounts of money, as the Mortgagee may in its sole discretion deem necessary.
10. The principal amount owing on the Note together with interest and all other charges, as provided in the Note, and all other amounts of money owing by the Mortgagor to the Mortgagee pursuant to and secured by this Mortgage, shall immediately become due and payable without notice or demand upon the transfer or alienation of the Mortgaged Property to another person other than the Mortgagor, except is such transfer is to the surviving spouse, appointment of a receiver or liquidator, whether voluntary or involuntarily, for the Mortgagor or any of the property of the Mortgagor, or upon the filing of a petition by or against the Mortgagor under the provisions of any State insolvency law, or under the provisions of the Bankruptcy Act of 1898, as amended, or upon the making by the

Mortgagor of an assignment for the benefit of the Mortgagor's creditors. The Mortgagee is authorized to declare, at its option, all or any part of such indebtedness immediately due and payable upon the happening of any of the following events which shall constitute a default on that Note and any other Note which this mortgage secures:

- a) Failure to pay the amount of any installment of principal and interest, or other charges payable on the Note which shall have become due;
- b) Nonperformance by the Mortgagor of any covenant, agreement, term or condition of this Mortgage, or the Note (except as otherwise provided in subdivision (a) or of any other agreement made by the Mortgagor with the Mortgagee in connection with such indebtedness, after the Mortgagor has been given due notice by the Mortgagee of such nonperformance;
- c) Failure of the Mortgagor to perform any covenant, agreement, term or condition in any instrument creating a lien upon the Mortgaged Property, or any part, which shall have priority over the lien of this Mortgage;
- d) The Mortgagee's discovery of the Mortgagor's failure in any application of the Mortgagor to the Mortgagee to disclose any fact deemed by the Mortgagee to be material, or of the making, or in any of the agreements entered into by the Mortgagor with the Mortgagee (including, but not limited to, the Note and this Mortgage) of any misrepresentation by, on behalf of, or for the benefit of the Mortgagor;
- e) The sale, lease or other transfer of any kind or nature of the Mortgaged Property, or any part, without the prior written consent of the Mortgagee, including the subordination of this mortgage or owner/s refinancing of the mortgage property.

The Mortgagee's failure to exercise any of its rights shall not constitute a waiver. All the events in this Paragraph enumerated upon the happening of any of which the Note shall become, or may be declared to be, immediately due and payable are in this Mortgage called "events of default".

11. Future Advances. This Mortgage secures such future or additional advances (in addition to the principal amount of the Note) as may be made by Mortgagee or the holder hereof at its exclusive option, to Mortgagor or their successors or assigns in title, for any purpose, provided that all such advances are made within Fifteen (15) years from the date of this Mortgage or within such lesser period of time as may be provided by law as a prerequisite for the sufficiency of actual notice or record notice of such optional, future or additional advances as against the rights of creditors or subsequent purchasers for valuable consideration to the same extent as if such future or additional advances are made on the date of the execution of this Mortgage. The total amount of indebtedness secured by this Mortgage may be increased or decreased from time to time, but the total unpaid balance so secured at any one time shall not exceed the maximum principal amount of **Forty Thousand Dollars and 00/100 Cents (\$40,000.00)**, plus interest and any disbursements made under this Mortgage for payment of impositions, insurance or otherwise, with interest on such disbursements. It is agreed that any additional sum or sums advanced by Mortgagee shall be equally secured with, and have the same priority as, the original principal indebtedness payable under the Note and shall be subject to all of the terms, provisions, and conditions of this Mortgage, whether or not such additional loans or advances are evidenced by other promissory notes of Mortgagor and whether or not identified by a recital that it or they are secured by this Mortgage. This Mortgage cannot be waived, changed, discharged or terminated orally, but only by an instrument in writing signed by the party against whom enforcement of any waiver, change, discharge or termination is sought.
12. The Mortgagee may from time to time cure each default under any covenant or agreement in any instrument creating a lien upon the Mortgaged Property, or any part which shall have priority over the lien of this Mortgage, to such extent as the Mortgagee may exclusively determine, and each amount paid, if any, by the Mortgagee to cure any such default shall be paid by the Mortgagor to the Mortgagee, and the Mortgagee shall also become subrogated to whatever rights the holder of the prior lien might have under such instrument.
13. a) After the happening of any default, the Mortgagor shall, upon demand of the Mortgagee, surrender possession of the Mortgaged Property to the Mortgagee, and the Mortgagee may enter such property, and let the same and collect all the rents therefrom which are due or to become due, and apply the same, after payment of all charges and expenses, on account of the indebtedness secured, and all such rents and all losses existing at the time of such default are assigned to the Mortgagee as further security for the payment of the indebtedness secured, and the Mortgagee may also dispossess, by the usual summary proceedings, any tenant defaulting in the payment of any rent to the Mortgagee.
- b) In the event that the Mortgagor occupies the Mortgaged Property or any part, the Mortgagor agrees to surrender possession after such default, such possession shall be as a tenant of the Mortgagee, and the Mortgagor shall pay in advance, upon demand by the Mortgagee, as a reasonably monthly rental for the premises occupied by the Mortgagor, an amount at least equivalent to one-twelfth the aggregate of the twelve monthly installments payable under the Note in the current calendar year, plus the actual amount of the annual ground rent, if any, taxes, assessments, water rates, other governmental charges, and insurance premiums payable in connection with the Mortgaged Property during such year, and upon the failure of the Mortgagor to pay such monthly rental, the Mortgagor may also be dispossessed by the usual summary proceedings applicable to tenants. This covenant shall become effective immediately upon the happening of any such default, as determined in the sole discretion of the Mortgagee, who shall give notice of such determination to the Mortgagor, and in the case of foreclosure and the appointment of a receiver of the rents, the covenant shall inure to the benefit of such receiver.

- 14. The Mortgagee in any action to foreclose this Mortgage shall be entitled to the appointment of a receiver without notice, as a matter of right and without regard to the value of the Mortgaged Property, or the solvency or insolvency of the Mortgagor or other party liable for the payment of the Note and other indebtedness secured by this Mortgage.
- 15. The Mortgagor, within ten (10) days upon request in person or within twenty (20) days upon request by mail, will furnish promptly a written statement in form satisfactory to the Mortgagee, signed by the Mortgagor and duly acknowledged, of the amount then owing on the Note and other indebtedness secured by this Mortgage, and whether any offsets or defenses exist against such indebtedness or any part.
- 16. The Mortgagor will give immediate notice by registered or certified mail to the Mortgagee of any fire, damage or other casualty affecting the Mortgaged Property, or of any conveyance, transfer or change in ownership of such property, or any part.
- 17. Notice and demand or request may be made in writing and may be served in person or by mail.
- 18. In case of a foreclosure sale of the Mortgaged Property, it may be sold in one parcel.
- 19. The Mortgagor will not assign the rents, if any, in whole or in part, from the Mortgaged Property, or any part, without the prior written consent of the Mortgagee.
- 20. The Mortgagor is lawfully seized of the Mortgaged Property and has good right, full power and lawful authority to sell and convey the same in the manner above provided, and will warrant and defend the same to the Mortgagee forever against the lawful claims and demands of any and all parties whatsoever.
- 21. The Mortgagor waives the benefit of all homestead exemptions as to the debt secured by this Mortgage and as to any expenditure for insurance, taxes, levies, assessments, dues or charges incurred by the Mortgagee pursuant to any provision of this Mortgage.
- 22. This Mortgage and all the covenants, agreements, terms and conditions herein contained shall be binding upon and inure to the benefit of the Mortgagor and the heirs, legal representatives and assigns of the Mortgagor, and to the extent permitted by law, every subsequent owner of the Mortgaged Property, and shall be binding upon and inure to the benefit to the Mortgagee and its assigns. If the Mortgagor consists of two or more parties, this Mortgage shall constitute a grant and mortgage by all of them jointly and severally, and they shall be obligated jointly and severally under all these provisions and under the Note. The word "Mortgagee" shall include any person, corporation or other party who may from time to time be the holder of this Mortgage. Wherever used, the singular number shall include the plural, the plural number shall include the singular, and the use of any gender shall be applicable to all genders wherever the sense requires.

This Promissory Note is made and entered into this day of _____, between Michelin Lambert, ("Mortgagor") residing at 1075 NE 134th Street, North Miami, Florida 33161, and the City of North Miami, Florida ("Mortgagee").

FOR VALUE RECEIVED, the undersigned jointly and severally promise(s) to pay to the City of North Miami, Florida ("City") the sum of **Forty Thousand Dollars and 00/100 Cents (\$40,000.00)**, payable without interest.

So long as the undersigned has not defaulted on payment under this Note, or has not provided false information in support of the application for loan, or has not otherwise violated the City of North Miami Home Investment Partnership Program ("HOME") ("Program") requirements, this amount shall be partially forgiven in the amount of **Two Thousand Six Hundred Sixty-Six Dollars and 66/100 Cents (\$2,666.66)** each year over a Fifteen (15) year period, until fully forgiven at the conclusion of Fifteen (15) years.

Determination of an alienation, transfer or sale sufficient to call for payment of this Note shall rest with the City and/or its designated agents and the maker shall be notified of the time and place of payment. Subordination of this Note or the Owner's refinancing of the subject property shall constitute a default.

The undersigned reserve(s) the right to repay at any time all or any part of the principal amount of this Note without the payment of penalties or premiums.

If the principal amount of this Note is not paid when due, the undersigned's action shall constitute a default and shall, at the option of the City, pay to the City the late charge of one (1) percent per calendar month, or fraction thereof, on the amount past due and remaining unpaid. Failure of the City to exercise such option shall not constitute a waiver of such default. If the undersigned shall default on payment under this note, or provide false information in support of the application for loan, or otherwise violate the City's Program requirements, the undersigned may be subject to penalties authorized by state and local laws, codes, rules and regulations. If this Note be reduced to judgment, such judgment should bear the statutory interest rate on judgments.

If suit is instituted by the City to recover on this Note, the undersigned agree(s) to pay all costs of such collection including reasonable attorney's fees, at trial and appellate levels, and court costs.

THIS NOTE is secured by a Mortgage of even date duly filed for record in the Public Records of Miami-Dade County, Florida.

DEMAND, notice of demand and protest are hereby waived, and the undersigned hereby waives, to the extent authorized by law, any and all homestead and other exemption rights which otherwise would apply to the debt evidenced by this Note.

IN WITNESS WHEREOF, this Note has been duly executed by the undersigned as of its date.
